

DISTRICT DISASTER MANAGEMENT PLAN JHARGRAM - 2018

Office of the District Magistrate
Jhargram

FOREWORD

Disaster Management is a process or strategy that is implemented when any type of catastrophic event takes place. A truly comprehensive disaster management action plan will encompass a wide range of possibilities that can easily be adopted in the event of any disaster that sets off a chain reaction of other types of disasters in its wake.

Jhargram district in the past has experienced disasters like flood, drought, cyclone etc. In the year 2013 the district experienced of flood due to heavy rainfall in upper catchment areas and huge discharge from dams. We can minimize the suffering of the affected people by providing assistance to them in case of emergency. Preparation of **Disaster Management Plan-2018** is viewed as a part of preparedness with a view to take appropriate action to save human lives and properties in the face of disaster.

The Disaster Management Action Plan-2018 is a co-ordinated effort of Disaster Management Section of Jhargram Collectorate and other line departments. These departments actively engage themselves during the period of disasters like flood, cyclone etc. The action plan and contingency plan of these departments have been incorporated in this Plan.

I hope that this plan will be immensely helpful to the Government officers of Jhargram and will be an important source of information and document in the event of disasters. This plan will also prove to be helpful in serving the purpose of saving affected people and mitigating their sufferings with the efforts and dedication of all the persons associated with Disaster Management.

I would like to my sincere thanks to all the officers and staffs of Jhargram who have worked in the background liaison among different departments arranging for meetings and also to providing statistics and information.

However, inspite of these threats and weakness the people know that they will have to face with the disaster and they have the will force and unchanging determination to combact any disaster side by side with the administration and that is our main strength. We believe that it will fulfill its objectives of acting as a ready reconer and best documents for managing disasters.

**District Magistrate
Jhargram**

CONTENTS

1. District Profile
2. Types of Disaster Band Hazard in respect of Jhargram District
 - 2.1 Flood Prone Areas
 - 2.2 Earthquake Prone Zone: West Bengal
 - 2.3 Drought
3. Hazard, Vulnerability and Risk Assessment
 - 3.1. Four Stage Cyclone Warning System:
 - 3.2. Action Plan for Drought:

4. TYPES OF DISASTER BAND HAZARD IN RESPECT OF JHARGRAM DISTRICT

2.1 Flood Prone Areas

The list of affected blocks and municipalities is as follows:

Name of the Sub-Division	Vulnerable Blocks / Municipality	Partly affected Blocks / Municipality	Water logging Blocks / Municipality
Jhargram	1. Sankrail	1. Binpur-II	1. Jhargram Municipality
	2. Nayagram	2. Jhargram	
	3. Gopiballavpur-I	3. Jamboni	
	4. Gopiballavpur-II		
	5. Binpur-I		

2.2 Earthquake Prone Zone: West Bengal

Bureau of Indian Standards, based on the past seismic history, grouped the country into four seismic zones, viz. Zone-II, -III, -IV and -V. Of these, Zone V is the most seismically active region, while zone II is the least. The Modified Mercalli (MM) intensity, which measures the impact of the earthquakes on the surface of the earth, broadly associated with various zones, is as follows:

Seismic Zone Intensity on MM scale

II (Low intensity zone)	VI (or less)
III (Moderate intensity zone)	VII
IV (Severe intensity zone)	VIII
V (Very severe intensity zone)	IX (and above)

Table 1 Earthquake Zonation of District of West Bengal

Sl. No.	District	Zone II	Zone III	Zone IV	Zone V

2.3 DROUGHT

Drought has been described as a “creeping disaster” in the United Nations Publications. Thus emphasizing that a situation of drought develops gradually given sufficient warning of its coverage extents and intensity unlike a flood, cyclone or earthquake which offers little or no time and little opportunity for immediate planning and preparedness.

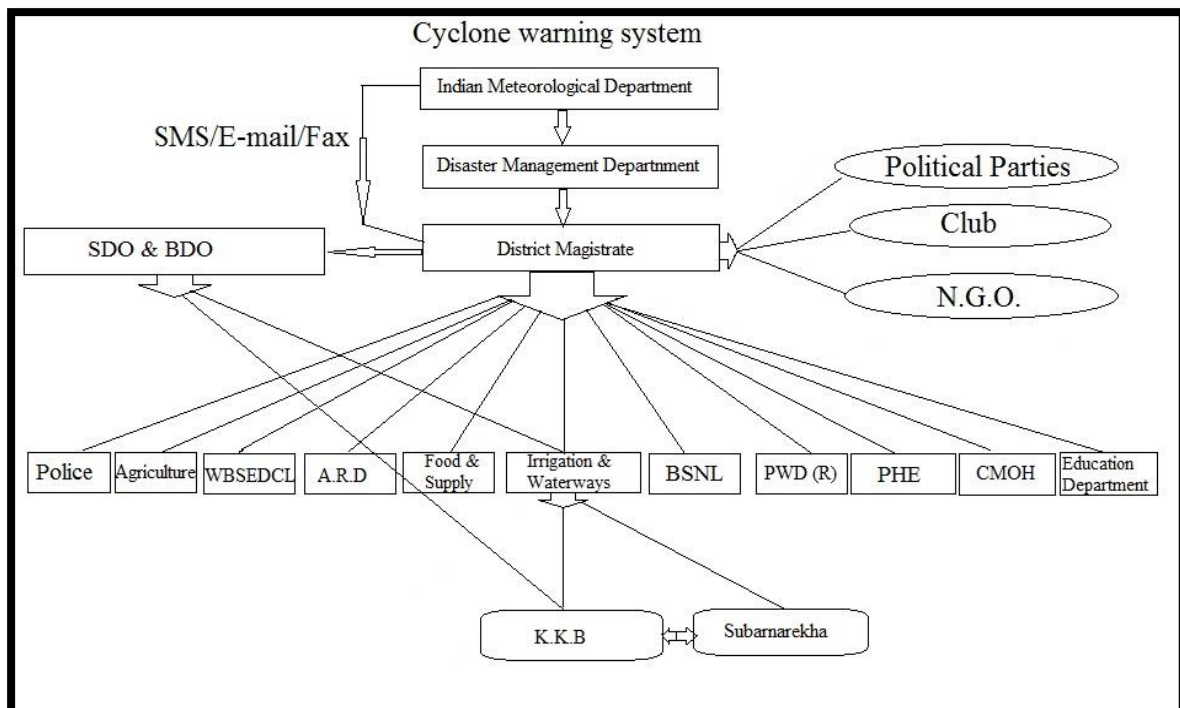

One of the essential preparatory measures is to keep a close watch on the behaviors of Monsoon and to initiate advance action to remove or minimize the unfavourable impact of weather conditions.

3. Hazard, Vulnerability and Risk Assessment

3.1. Four Stage Cyclone Warning System:

Stage I: With the formation of Depression over Bay of Bengal, the Chief Secretary, Govt. of West Bengal is informed by the Director General of Meteorology, IMD about its formation, location and potential danger.

Stage II : When the depression is likely to intensify into a cyclone storm or of higher intensity and likely to hit West Bengal coast within next 48 hours the numbered cyclone alert messages are issued at regular intervals and the message is passed to the Govt. of West Bengal over fax also to AIR/TV for repeated broadcast. All the concerned officials are advised to remain in touch with IMD for latest development. Fishermen warnings are also issued regularly.

Stage III: When the CS/SCS/VSCS/Super Cyclone is likely to hit West Bengal coast within 24 hours, numbered cyclone warning bulletins are issued six times a day to Govt. of West Bengal and also to AIR/TV for repeated broadcast. **Stage IV:** After crossing the coast a de-warning message is issued.

3.2. Action Plan for Drought:

A large portion of Jhargram District is a drought-prone area. This is due to undulating topography, laterite and porous soil having a little water holding capacity. The district had to face a severe drought in 2002 and it affected 8 blocks. As a result, cultivation of Aman paddy hampered tremendously and cattle lives were also affected. People of those affected blocks suffered a lot due to prevailing drought situation.

3.3. Objectives:

1. Focus on employment generation;
2. Speed up the pace of development creating employment and productive assets which would trigger the overall development;
3. Provide income generation activities to the affected population through SHGs for creating productive assets in affected areas e.g. water tanks, desilting of drainage canals, etc.

3.4. Suggestive areas of intervention:

1. Excavation / re-excavation of ponds and tanks for harvesting rain water;
2. Construction of field channels of RLI / DTW,
3. Construction of water harvesting structures and cross-bundhs on the rivulets / perennial water sources for cultivation of Rabi crops;
4. Development of waste lands;
5. Intensification of development activities in afforestation;
6. Repair / reconstruction of village roads;
7. Special wage employment programme for women/SC/ST population;
8. Regular monitoring of foodgrains supplies - prioritization on availability of foodgrains for wage employment programmes;
9. Activating self-help groups for income generation.

3.5. Action points for the Block / Gram Panchayat:

1. Changes in annual action plan already prepared under MGNREGS, if necessary, to combat the prevailing situation;
2. Fill up the ponds with water by connecting this with canals in advance;
3. Dove tailing of various schemes towards drought management in close coordination with all departments functioning at the district level;
4. Enhance the water harvesting structures;
5. Identify lands for eligible works;
6. Employment generation in suitable schemes in consultation with the Agriculture, I &W, Fishery, Forestry, Animal Resource and PW Deptts.
7. Activate SHGs for income generating activities;
8. Labour intensive works should be given top priority;

Awareness generation among the people for water harvesting and water recharging / preventing moisture evaporation.

3.6. Risk Assessment:

Risk Level	Extent of damage
Damage risk level for earthquake	
High Damage Risk (H)	Gaps in walls; parts of buildings may collapse; separate parts of the building lose their cohesion; and inner walls collapse

Moderate Damage Risk (M)	Large and deep cracks on walls fall of chimneys on roofs.
Low damage Risk (L)	Small Cracks in walls; fall of fairly large pieces of plaster,pantiles slip off; cracks in chimneys, part may fall down.
Damage Risk levels for Wind Storms	
Very High Damage Risk (VH)	Generally similar to: High Risk” but damage is expected to be more widespread as in the case of cyclonic storms.
High Damage Risk (H)	Boundary walls overturn, walls in house and industrial structures fail; roofing sheets, and tiles or whole roofs fly;large scale destruction of life-line structures such as lighting and telephone poles, a few transmission line towers / communication towers may suffer damage; and non engineered / semi constructions suffer heavy damage.
Moderate Damage Risk (M)	Loose tiles of clay fly, roofs sheets fixed to battens fly; moderate damage to telephone and lighting poles; moderate damage to non-engineered/semi-engineered buildings.
Very Low damage Risk (VL)	Loose metal or fibre cement sheets fly; a few lighting andtelephone poles go out of alignment; sign boards hoardingspartially damaged; well detailed non-engineered/semi-engineered buildings suffer very little damage.
Damage Risk levels for Flood	
Very High Damage Risk (VH)	Total collapse of buildings; roof and some walls collapse;floating away of sheets, thatch etc; erosion of foundation;severe damage to life li ne structures and systems.
High Damage Risk (H)	Gaps in wall; punching of holes through wall by flowing water; parts of buildings may collapse; light roofs float away; erosion of foundation, sinking or tilting; undercutting offloors, partial roof collapse.
Moderate Damage Risk (M)	Large and deep cracks in walls; loss of belongings; damageto electric fittings.
Low damage Risk (L)	Small cracks in walls; fall of fairly large pieces of plaster
Very Low damage Risk (VL)	Fine cracks in plaster; fall of small pieces of plaster.

4. REHABILITATION AND RECONSTRUCTION PLAN

Rehabilitation and reconstruction comes under recovery phase immediately after relief and rescue operation of the disaster. This post disaster phase continues until the life of the affected people comes to normal. This phase mainly covers damage assessment, disposal of debris, disbursement of assistance for houses, formulation of assistance packages, monitoring and review, cases of non-starters, rejected cases, non-occupancy of houses, relocation, town planning and development plans, awareness and capacity building, housing insurance, grievance redressal and social rehabilitation etc.

4.1 Post Disaster Reconstruction and Rehabilitation

Post disaster reconstruction and rehabilitation should pay attention to the following activities for speedy recovery in disaster hit areas. The contribution of both government as well as affected people is significant to deal with all the issues properly.

Damage assessment

Disposal of debris

Disbursement of assistance for houses

Formulation of assistance packages

Monitoring and review

Cases of non-starters, rejected cases, non-occupancy of houses Relocation

Town planning and development plans ;

Reconstruction as Housing Replacement

Policy Awareness and capacity building

Housing insurance

Grievance redressal

4.2 Administrative Relief

The district is the primary level with requisite resources to respond to any natural calamity, through the issue of essential commodities, group assistance to the affected people, damage assessment and administrating appropriate rehabilitation and restoration measures.

The district level relief committee consisting of official and non-official members including the local legislators and the members of parliament review the relief measures. Paschim Medinipur district is sub-divided into 4 sub-divisions i.e. Medinipur Sadar, Kharagpur, Jhargram and Ghatal. The head of sub-division is called the Sub-Divisional Officer (SDO) while development officer (BDO). When a disaster is apprehended, the entire machinery of the district, including the officers of technical and other departments, swings into action maintains almost continuous contact with each village in the disaster threatened area

4.3. Reconstruction of House Damaged / Destroyed

House should be reconstructed in the disaster hit areas according to the following instructions:

1. Owner Driven Reconstruction

2. 4 Public Private Partnership Programmed (PPPP)

3. Under the PPPP the house are reconstructed by the NGOs for the beneficiaries to be registered in the joint names of the husband and wife.

4. All the houses should be insured.

5. Owner Driven Reconstruction.

6. Financial, technical and material assistance provided by the Government.

7. The designs for seismic reconstruction of houses provided by the Government.

8. The material assistance provided through material bank at subsidized rates.

9. Design of 20 model houses provided to public to choose from with an option to have one's own design.

4.4. Military Assistance

If the district administration feels that the situation is beyond its control then immediate military assistance could be sought for carrying out the relief operation.

4.5. Medical Care

Specialized Medical Care may be required to help the affected population preventive medicine may have to be taken to prevent outbreak of diseases.

4.6. Epidemics

In the relief camps set up for the affected population, there is a likelihood of epidemics form of a number of sources. The strategy should be to subdue such sources and immunize the population against them. The

public health centers, health departments can practice vaccination drives, public awareness to drink boiled water, use chlorine tablets to purify the water sources.

4.7. Corps Disposal

Disposal of dead bodies is to be carried out as a part of the operation to prevent outbreak of epidemics. Minimum official requirements should be maintained as it is a very sensitive issue. The following points may be considered by the concerned authorities at the time of corps disposal:-

1. Mass photographs of corpses,
2. Consent of the relatives or hand over them,
3. Make panchnama of concerned localities.

4.8. Salvage

A major effort is needed to salvage destroyed structure and property. Essential services like communications, roads, bridges, electricity would have to be repaired and restored for normalization of activities.

4.9. Outside Assistance

During disaster situation, considerable relief flows in from outside, thus there is an immediate need to coordinate the relief flows so that the maximum coverage is achieved and there is no duplication of work in the same area.

4.10. Special Relief

Along with compensation packages, essential items may have to be distributed to the affected population to provide for temporary subsistence.

4.11. Information

Information flow and review is essential part of the relief exercise. Constant monitoring is required to the extent of damage, which forms the basis of further relief to the affected areas.

4.12. Social Rehabilitation

Disabled persons

1. Artificial limbs fitted to affected persons.
2. Modern wheelchairs, supportive devices provided.

Children

1. Orphaned children are fostered.
2. Day centers set up.
3. Orphanages established.
4. Child helpline established.

Paraplegics

1. Pension scheme introduced for paraplegics.
2. Physiotherapy under continuous supervision of doctor.

Old Persons

1. Aged persons given pensions.
2. Old Age Homes established.

Women

1. Pension sanctioned.

5. Introduction

The District Disaster Management Plan (DDMP) aims to make the District Disaster resilient and reduce loss of lives, infrastructure and economical assets during calamities.

The DDMP provides a framework to deal with all phases of disaster management cycle - prevention, mitigation, response and recovery—and lays down duties and also works simultaneously with various government departments at all levels such as Sub-Division, Blocks and Gram Panchayat level.

It identifies 18 broad activities to be served as a ready reckoner. These include early warning, maps, satellite inputs, information dissemination, evacuation of people, livestock's and animals, medical care, drinking water, essential supplies like food, communication, power, fuel, transportation, disposal of animal carcasses, relief employment, data collection and management.

The most important part of the plan is the horizontal and vertical matrices that we have worked out which clearly states who has to do what right from Panchayat, Block, Sub-Division or local body to district level.

The DDMP also identifies short, medium and long term measures to deal with disasters to be completed within five, 10 and 15 years respectively. Besides humans it also suggests ways to protect animals. For instance, it stressed that, “agencies specializing in animal care should provide necessary advisory and support for the care and protection of animals”.

In Heat wave conditions, animal and livestock owners must feed adequately with appropriate feed to avoid animal deaths. They must stock suitable feed or forage before Heat wave to feed the livestock. They must avoid exposure of animals to extreme heat
The plan also focuses on human-induced disasters.

The human-induced category includes CBRN (chemical, biological, radiological and nuclear) disasters. Besides, with the natural factors discussed earlier, various human induced activities are also responsible for accelerated impact and increase in frequency of disasters in the district. The DDMP covers disaster management cycle for all types of hazards faced in District, both natural and human-induced. Its mitigation measures and at end the Relief and rehabilitation measures.

5.2. Changing Context of Disaster Management and Enactment of DM Act in India and West Bengal

A profound change in governmental disaster management has occurred during the last decades. Gone are the days of “hunkering down” and riding out the hazard event with a command and control mentality that only focused on clean-up and the rescue of survivors. In its place is an emphasis on the reduction of loss of life and property through mitigation, preparedness, response, and recovery.

The Government of India, in recognition of the importance of Disaster Management (DM) as a national priority, on 23 December 2005 took a defining step by enacting the Disaster Management Act. This is a unique legislation which provides for requisite institutional mechanism for drawing up and monitoring the implementation of the disaster management plans, ensuring

measures by various wings of the Government for prevention and mitigating effects of disaster and for undertaking a holistic, coordinate and prompt response to any disaster situation.

The state of West Bengal has already adopted National Disaster Management Act, 2005. Chapter IV of DM Act, 2005 mandates every district in the country to constitute a District Disaster Management Authorities. Article 31 of DM Act, section of the DM Act, 2005 provides that “there shall be a plan for disaster management for every district of the state. The district plan shall be prepared by the District Authority, after consultation with the local authorities, covering HRVA measures to be taken for prevention with the local authorities, covering HRVA measures to be taken for prevention and mitigation of disaster, capacity building and preparedness measures and response plan. The response plan includes allocation of responsibilities to the depth at local to district level; prompt response and relief, procurement of essential resources; establishment of communication link, and public awareness”. Subsection of Article 31 says that the district plan shall be reviewed and updated annually.

7. Aims and Objectives of the DDMP

a. Aims:

The District Disaster Management Plan (DDMP) aims at identifying the disasters and threats that are prevalent in the district, and at the same time addressing the processes that would be involved in addressing the disasters in the district. It is a consolidated guidelines and plans of the district disaster management department in collaboration with the line department in addressing disaster situations.

Meaning of Disaster Management: “Disaster Management” means a continuous and integrated process of planning, organizing, coordinating and implementing measures which are necessary or expedient for-

- Prevention of danger or threat of any disaster;
- Mitigation or reduction of risk of any disaster or its severity or consequences;
- Capacity building;
- Preparedness to deal with any disaster;
- Prompt response to any threatening disaster situation or disaster;
- Assessing the severity or magnitude of effects of any disaster;
- Evacuation, rescue and relief;
- Rehabilitation and reconstruction.

The District Disaster Management Plan (DDMP) is a consolidated format of the plans and actions of the various government departments in the district and the roles and responsibilities they would take up in the time of disaster.

b. Objectives:

The major objective of the disaster management plan is to minimize the impact of any disaster and increase the capacity of the administration to have coordinate effort to reduce the impact of any disaster and minimize the human and capital loss.

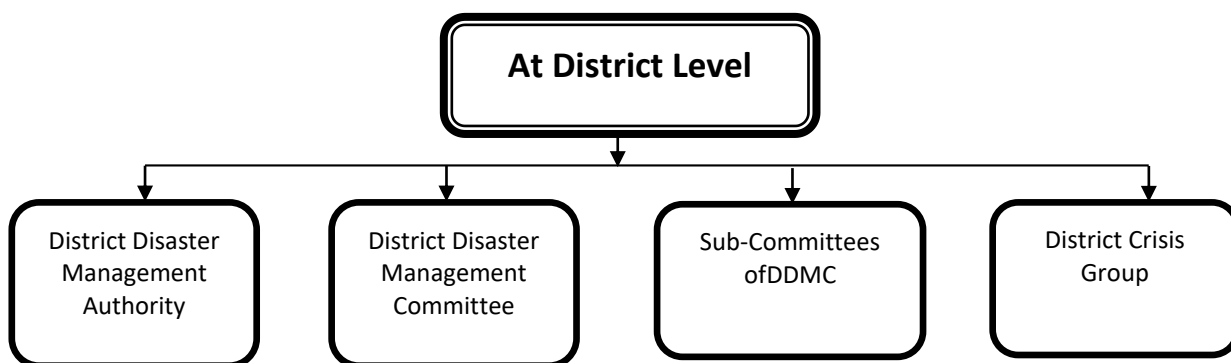

- To find out the type of risks the district is vulnerable to.
- To measure the vulnerability of life and livelihood and infrastructures to different type of risks.
- To develop a multihazard preparedness plan for effective management of different type of disasters the district is vulnerable to.

- Institutionalization of the disaster management in district administration
- To develop strategy for mass awareness on do's and don'ts on different type of disasters.
- To find out the resources of the district.
- To create a cadre of skilled volunteers to respond to different type of disasters.
- To make interdepartmental coordination more effective at the time of emergency.
- Encouraging and empowering the local community to know the disaster management
- Regular update of the resource available in and around the district.

To strengthen the capacities and resilience of vulnerable community with special emphasis on empowerment of women and establish community level systems for pre, during and post disaster interventions through awareness generation and capacity building.

7. DISASTER MANAGEMENT: FUNCTIONAL STRUCTURE IN THE DISTRICT

The disaster management will be more effective and sustainable if it is institutionalized. For this purpose Government of India has already passed the Disaster Management Act, 2005 Act No.53 of 2005, on 23rd December, 2005, which has already been adopted by Government of West Bengal. The Government of West Bengal, in exercise of powers conferred by the Act, has established the West Bengal State Disaster Management Authority vide Notification No.1281-FR-1st August, 2007 and also established District Disaster Management Authority vide Notification No.1291-FR-1st August 2007. The District Magistrate is overall in charge for the entire disaster management activities in the District. As per Section 28 of the Disaster Management Act, 2005, the District Authority may constitute one or more Advisory Committee and District Disaster Management Committee for better implementation of disaster management activities in the district.

7.1. District Disaster Management Authority

As per Notification No.1291-FR-1st August, 2007 the District Disaster Management authority consisting Chairperson and six members having Head Quarter at District level has been established. It acts as the district planning; coordinating and implementing body for disaster management and takes all measures for the purpose of Disaster Management in accordance with the guidelines laid down by the National and the state Authority

District Disaster Management Authority (D.D.M.A.) (GO No.1308-FR dated 01.08.2007)

1. Collector of the District: CHAIRPERSON
2. Sabhadhipati of Zillah Parishad: CO-CHAIRPERSON
3. Addl. District Magistrate (Disaster Management) : CEO, Ex-officio Member

4. Superintendent of Police: Ex-officio Member
5. Chief Medical Officer of Health: Ex-officio Member
6. Executive Engineer, Irrigation : Ex-officio Member
7. All Sub-Divisional Officers : Ex-officio Member

At the District Level, there should be a District Disaster Management committee, at Block Level, there should be a Block Disaster Management Committee and at village level there should be village level Disaster Management Committee.

Apart from these disaster management committees, at each level there should be a disaster management plan as per vulnerability to disaster of that particular area along with the various task forces like search and rescue, first aid, early warning system, food management, shelter management, dead body disposal force etc.

Village (Gram Panchayat) Level: Panchayat are the decision making bodies of all development activities in the villages. Therefore, every Panchayat should have a Village level Disaster Management Committee (VDMC) headed by the Pradhan which is responsible for carrying out activities from Planning to Execution in Disaster Management. There should be a separate village disaster management plan for every village as per vulnerability to disaster of the particular village. The plan encompasses prevention, mitigation and preparedness measures. The VDMC chaired by Pradhan includes, ward members, gramsevak, local Government functionaries including doctors/paramedics of primary health centers located in the village, primary school teachers etc. also a search and rescue team as well as first aid team have to be set up and trained at every village. The Disaster Management Teams at the village level will consist of members of youth organizations like Nehru Yuva Kendra and other non-governmental organizations as well as able bodied volunteers from the village. The teams are to be provided basic training in evacuation, search and rescue, first aid trauma counseling etc.

Sansad Level:the village where Sansad members are members of VDMC they should get involved in taking all sort of major decisions related to Disaster Management, whether it is the Disaster Management Preparedness Plan or preparation to respond during the disaster. They are important identities in the village representing the community. The Disaster Management Committee will review the disaster management plan at least once in a year. It would also generated awareness among the people in the village about do's and do not do's for specific hazards depending on the vulnerability of the village.

Block Level: every Block in the district should have a Block Disaster Management Committee headed by Chairperson Panchayat Samiti and all line departments at block level are its members.

District Level: the District Disaster Management Authority and district disaster management committee should be constituted under the chairmanship of District Magistrate and Sabhadhipati respectively.

The District Disaster Management Authority shall act as the District Planning; coordinating and implementing body for disaster management and take all measures for the purpose of disaster management in the district in accordance with the guidelines laid down by the National Authority and the State Authority.

7.2. The role of District Disaster Management Authority

- I. Prepare a disaster management plan including district response plan for the district;
- II. Coordinate and monitor the implementation of the National Policy, West Bengal State Disaster Management Policy, national Disaster Management plan, West Bengal Disaster Management Plan and District Disaster Management Plan;
- III. Ensure that the areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and the mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the local authorities.
- IV. Ensure that the guidelines for prevention of disasters, mitigation of its effects, preparedness and response measures as laid down by the National Authority and the West Bengal State Authority

are followed by all departments of the Government at the district level and the local authorities in the district;

- V. Give directions to different authorities at the district level and local authorities to take such other measures for the prevention or mitigation of disasters as may be necessary.
- VI. Lay down guidelines for prevention of disaster management plans by the departments of the Government at the districts level and local authorities in the district;
- VII. Monitor the implementation of disaster management plans prepared by the departments of the Government at the district level.
- VIII. Lay down guidelines to be followed by the Departments of the West Bengal Government at the district level for purpose of integration of measures for prevention of disasters and mitigation in their developmental plans and projects and provide necessary technical assistance therefore;

To be placed at hospitals/health units etc. where injured to be shifted and ensure proper medical treatment of the injured persons.

Team Four

Will be engaged in sharing information through constant communication with the public from Special Control Room and venue.

Team Five

Will assist Team One and will ensure smooth and safe evacuation of the trapped flood/ cyclone affected people of the venue of the mass gathering.

Team Six

To be placed on District Headquarter to maintain liaison with various agencies. It will also keep liaison with the NGOs willing to provide voluntary service in such emergency situation and issue direction to them to act according to the plan and policy of the District Disaster Management Team of Police.

B) S.O.P ON DROWNING OF VEHICLE

1. OC of respective police jurisdiction shall inform District Disaster Management Officer (to send diver), District Control Room and Nodal Officer of the District (Addl. SP (HQ) and rush to the PO instantly.
2. OC Control Room shall inform all adjoining PSs to remain alert.
3. OC of respective police unit will cordon the place of occurrence and prevent onlookers, relatives of injured persons, media personnel from entering into place of occurrence and causing hindrance to rescue operation.
4. OC shall conduct operation in search of injured persons and dead bodies.
5. OC Control Room shall alert all nearest hospitals including Midnapore Medical College & Hospital to remain ready with life saving equipments.
6. Crane, Gas Cutter and other equipments to lift the drowning vehicle to be called.
7. Four teams to be formed for
 - a) Team – 1 to be placed at the PO for conducting all tasks relating to rescuing, shifting of injured persons to the hospital, searching etc.
 - b) Team – 2 to be placed at the hospital (where injured were shifted) to look after the injured persons
 - c) Team – 3 to be placed at District Control Room to cater various information
 - d) Team – 4 to be placed at District Headquarters to maintain liaison with various agencies.
8. Injured persons to be shifted to nearest hospital with facilities of caring drowning injuries quickly.
9. Nodal Officer of the district (Addl. SP (HQ), Jhargram shall inform to Disaster Management Group, 13th Bn. Barjora, Bankura for necessary action.
10. OC of respective Police Station shall canvass with the assistance of Public Alert System to prevent spreading rumour.
11. Forensic Team to be called to collect evidence from the place of occurrence.
12. On reaching of Disaster Management Group entire operation shall have to be handed over to them and necessary assistance, support to be provided whenever asked for.

C) S.O.P ON FIRE FIGHTING

1. OC of respective police jurisdiction shall inform Fire Fighting Agency, District Control Room and Nodal Officer of the District (Addl. SP (HQ) and rush to the PO instantly. He will alert all other members of the Disaster Management Team and will supervise the rescue operation. He will be responsible in sending an expert rescue team along with fire brigade to the place of occurrence and at the same time will activate all the units in sub-divisional and PS level District Management Team.
2. OC Control Room shall inform all adjoining PSs to remain alert.
3. OC of respective police unit will cordon the place of occurrence and prevent onlookers, relatives of injured persons, media personnel from entering into place of occurrence and causing hindrance to rescue operation.
4. OC shall conduct operation in search of injured persons and dead bodies.
5. OC Control Room shall alert all nearest hospitals including Midnapore Medical College & Hospital to remain ready with life saving equipments.
6. Four teams to be formed for
 - i) Team – 1 to be placed at the PO for conducting all tasks relating to rescuing, shifting of injured persons to the hospital, searching etc.
 - ii) Team – 2 to be placed at the hospital (where injured were shifted) to look after the injured persons.
 - iii) Team – 3 to be placed at District Control Room to cater various informations.
 - iv) Team – 4 to be placed at District Headquarters to maintain liaison with various agencies.

7. Injured persons to be shifted to nearest hospital with facilities of caring burnt injuries quickly.
8. Nodal Officer of the district (Addl. SP (HQ), Jhargram shall inform to Disaster Management Group, 13th Bn. Barjora, Bankura for necessary action.
9. OC of respective Police Station shall canvass with the assistance of Public Alert System to prevent spreading rumour.
10. Dog Squad to be called for rescue of injured persons and dead bodies.
11. Forensic Team to be called to collect evidence from the place of occurrence.
12. On reaching of Disaster Management Group entire operation shall have to be handed over to them and necessary assistance, support to be provided whenever asked for.

D) S.O.P ON COMBATING DISASTER IN THE VENUE OF MASS GATHERING

1. OC/IC of respective PS under which jurisdiction the disaster took place shall immediately inform the Disaster Management Officer of Police as well as alert District Control Room and Nodal Officer of the district and seek for necessary reinforcement.
2. The Chief Supervisory Officer, who is in-charge of the venue will at once sensitize all the other subordinate officers in all ranks under him to pass on the necessary information to the ground level officers so that communication should reach to the top of the District Police Administration and at the same time all the field level officers and police personnel deployed in the venue. All of them should be well aware of the disaster and take necessary action according to the 'Master Plan' which will be evolved by the District Disaster Management Team of Police considering the emergency of the situation. The officers and police personnel in the venue of disaster should implement the 'Action Plan' so far as the work of the crowd choked up in a place of mass gathering is concerned.
3. The trespassed crowd should be channelized through ongoing ways only and at the same time emergency 'Entry & Exit' points should be made open for easy dispersion of crowd.
4. District Disaster Management Team of Police should communicate Health Department, Fire Department and other emergency services for their additional reinforcement in the disaster affected venue as early as possible.
5. The District Disaster Management Team of Police should contact with the Civil Defence Team and ask them to rush to the spot on emergency basis.
6. The Nodal Officer of Traffic, i.e. Dy. Supdt. of Police (Traffic), Jhargram will take initiative in making adequate traffic management in an around the vicinity of the disaster affected venue for smooth and early evacuation of the dispersed crowd from venue to safe place.
7. Dy. Supdt. of Police (Traffic), Jhargram in consultation with concerned RTA will also arrange for additional public conveyance adjacent to the venue.
8. District Disaster Management Team of Police will immediately contact with the top level District Civil Administration and ensure the safe shelter of the dispersed crowd in the place of evacuation which should be kept ready with food, drinking water and medical facilities.
9. Nodal Officer of the district i.e. Addl. Supdt. of Police (HQ), Jhargram will direct all the senior supervisory officers in the rank of Dy. Supdts. of Police and Inspectors to move to the place along with adequate officers and force under their administrative jurisdiction.
10. A Sub-Control Room should be opened on 24 hours basis with the facilities of public address system for making constant communication with the panicked members of the crowd in the venue. This group will also ascertain so that unnecessarily no rumour can be spread to arouse panic among the masses.
11. OC/IC of the concerned PS will take the responsibility to display the Bus/Train Time Table at important locations of the town/city nearby the venue.
12. Up-to-date train running, specially the trains running late, can be displayed at appropriate locations to avoid crowd of the railway stations.
13. Senior officers deployed in the venue should ensure that 'Entry & Exit' points should not be blocked in any way as sometimes information seekers often use to assemble the 'Entry/Exit' points and eventually block the movement of the other visitors.

14. RI, Jhargram will mobilize adequate officers and force to the affected place from District Police Lines as well as from other units of the district.
15. MTO, Jhargram will provide adequate number of vehicles required for mobilization of the officers and force.
16. Forensic Team to be called to collect evidence from the place of occurrence.
17. Nodal Officer of the district, i.e. Addl. Supdt. of Police (HQ), Jhargram shall inform to Disaster Management Group, 13th Bn. Barjora, Bankura for necessary action.
18. Four teams to be formed for
 - e) Team – 1 to be placed at the PO for conducting all tasks relating to rescuing, shifting of injured persons to the hospital, searching etc.
 - f) Team – 2 to be placed at the hospital (where injured were shifted) to look after the injured persons.
 - g) Team – 3 to be placed at District Control Room to cater various information
 - h) Team – 4 to be placed at District Headquarters to maintain liaison with various agencies.

12. Preventive and Preparatory Measures of F.P.I & Horticulture Department

Jhargram District is rich in Horticultural crops. All types of Horticultural crops are grown in this district. Product of Horticulture is prime source of our food chain and this district produces most of the crops like-Vegetables mainly grown in Gopiballavpur-I, Gopiballavpur-II, Jhargram, Sankrail, Jamboni, Binpur-I Blocks. Fruits mainly grown in Gopiballavpur-I, Noyagram, Jamboni etc. Cashewnut grown in all blocks of Jhargram districts.

Vegetables and Fruit and Cashewnut are remunerative crop and cultivation of these crops helps up-liftment of economic status in a short period. So, Horticultural planning is made in such a way by which the adverse situation affected by flood and drought can be combated.

To overcome the adverse effect of Flood:

1. Seed showing of leafy vegetable for immediate harvesting like- Amaranthus, Palak, Radish, coriander, Methi etc.
2. Other short duration direct showing crops like Cowpea, Ridge Gourd, Pumpkin, Cucumber, Bottle Gourd etc. are suitable after flood.
3. After flood clay deposited soil are suitable for vegetable cultivation and deposited sand will be removed by means of manually or mechanically.

To overcome the adverse effect of Drought:

1. Digging of water Harvesting Structure like Ponds, Tube well and other irrigation sources.
2. Inspiring for installation of drip irrigation for all horticultural crops.
3. Plantation of Dry land Horticultural Crop like-Cashew, Ber etc.
4. Providing mulching to the base of the crop by means of organic or inorganic.

Action to be taken by the farmers in Flood:

1. Crops are grown in furrow and ridge bed method.
2. Well drainage system throughout the plot.
3. Seedling production in raise bed protected by polythene for rain water.
4. After flood immediate application of fungicide to the crop.
5. Seeds are sowing in line in nursery and maintain proper spacing to avoid rotting of the crop.

Action to be taken by the farmers in Drought:

1. Planning for less water requirement crop.
2. Planting of crop with enough organic matter with poly mulching.
3. Sprinkler or Drip irrigation method is most suitable for drought prone area.
4. In drought prone area shade nets are beneficial for vegetable and flower production.

Measure to be taken by F.P.I. & Horticulture Department in Flood:

1. Distribution of Vegetable Seed Kit:

KIT-I:

SL No.	Name of the Vegetable Seeds	Quantity
1	Amaranthus	100g
2	Beans	500 g
3	Brinjal	10 g
4	Beet	250g
5	Knolkhol	50 g
6	Carbendazim	250 g
7	Neem based Insecticide	250 ml

KIT-II:

SL No.	Name of the Vegetable Seeds	Quantity
1	Coriander	100g
2	Carrot	50 g
3	Brinjal	10 g
4	Radish	50g
5	Okra	100 g
6	Carbendazim	250 g
7	Neem based Insecticide	250 g

Total nos. kit:

SL No.	Name of crop	Quantity
1	Vegetable	40,000 nos. kit

Contact No. of Horticulture Department, Jhargram

14. Preventive and Preparatory Measures of Flood Management & Planning Division,(I & W Dte.)(Executive Engineer)

The following River Gauge and Rain Gauge Station has been maintain by the Executive Engineer,Jhargram flood Management and Planning division (I & W Dte.),Jhargram .

RIVER GAUGE AND RAIN GUAGE STATION

Sl. No	Station	River	P.D.L(M) M.G.T.S.	D.L(M) M.G.T.S.	E.D.L(M) M.G.T.S.	HFL(M)
1	Gopiballavpur, Asui Dharampur	Subarnarakha	45.00	45.50	46.50	47.20m(on 03.09.78 at 6.00 am)

B) Report of river Gauges & Rain Gauges at different Authorities.

Rain gauge station are maintaining under this division at Gopiballavpur.

Daily river gauge reports are collected from Gopiballavpur Section. river & Rain gauge data is being prepared as per approved format format and weekly report as per GFCC proforma and is being sent to following autghorities:-

- I) DM, Jhargram
- II) Chief Engineer, South West

C) Weekly Flood INSPECTION REPORT:-

Weekly flood report is to be submitted by the concernred Assistant Engineer as usual following last years procedure.

D) As reported by the Assistant Engineer & junior Engineers (Regarding stocks):-

1) The stock position of empty cepty cement poly bags at different station are as follows:-

Name of Division	Location	No of empty poly bag	No of
Jhargram Flood management & Planning Division	Jhargram	4000 nos.	Nil
	Gopiballavpur	4000 nos.	Nil
	Total	8000 nos.	Nil

G) FLOOD FIGHTING WORKS:-

Flood fighting works will be indertaken as and when necessary under prior intimation to the District Magistrate and obtaining pemission from higher officer of I& W Dte. In the event of any breach, report will be at once transmitted to Sabhadipati 7 Karmadakshya, Jhargram Zilla parishad, Block development officer of concerned Block & Sub Divisional Officerof concerned Sud Division & Higher officer of I &W Dte. Repair of branch can only be taken with prior permission of Govt. With written requisition from

the District Magistrate and Sabhadipati to take up such work. Utilization certificate in connection with issued polybags to G.P's is required from concerned BDO's

H) FLOOD EMBANKMENTS:-

Under Jhargram Flood Management & Planning Division:-

- a) Gopiballavpur flood embankment- 6.30km.

I) Name of Embankments Under West Medinipur Division:-

- b) Asui- Dharampur(R/B of River Subaranakha) – 2.70km.
Sijua, Gopiballavpur – 2.70 km
Kapasias-Mohanala – 0.90 km.

M) Name of officers with Designation & M. Phone.

Sl. No.	Name of Officer	Designation	Mobile No.	Location of office Jhargram Flood Management & Planning Division

15.Preventive and Preparatory Measures ofARD Deptt.Control Room Status in face of Natural Calamity at Dist

Place : State animal Health Center , Bachhurdoba , Jhargram

A) CONTROL ROOM

Like previous year, disaster control room will be set up in different levels, the District Head Quarter, Sector and Block Head Quarters. The control room will be opened when required/as per instruction of district authority.

The following officers will remain In-Charge of the control room at different levels.

The District level control team will keep an adequate stock of vaccines and medicines and effect supply of those materials to the flood/draught prone Block immediately after declaration. Advance vaccination will be done in the endemic zone only of flood prone area. The team will arrange for quick diagnosis and effecting control measures against epidemic in

affected areas. The team will be responsible for collection compilation and submission of daily/weekly report of the flood affected area to the District Head Qtrs.

The officer-in-Charge of respective sector will supervise the Vety. Relief work and maintain liaison with the sub-Divisional Officer and District Control Room.

The Block Control Team under the supervision of BLDO will render Vety. Aid and Relief measures to the affected areas with the consultation with the Panchayet Authorities and submit daily/weekly report to the sector-in-Charge for onwards transmission to the District Control room through the sector-in-charge. They will assess the actual loss of Livestock and requirement of Feed and fodder, medicines and vaccines and personnel if required and incorporate the sum the daily/weekly report for arranging supply from District Head Quarters.

Above mentioned Officers and staff attached to the Units directly, related to the Vet. Reliefs like SAHC/CMS/Laboratory are requested not to leave their Head quarters without prior permission of the undersigned at the onset of any natural calamities.

Jhargram

The District possesses diversified ecosystem having different vegetation, soil types, climatology & geomorphology.

The important rivers like the Kangsabati, the Subarnarekha, the Dulang, & their tributaries flow through the District & enrich the cropping system by depositing fertile loamy or sandy loamy soil during rainy season.

The major crops grown in the District are Aus, Aman & Boro paddy, Wheat, Potato, Mustard, Til, Groundnut, Vegetables, Pulses, Watermelon, Maize, and Sugarcane etc.

Net cropped area of the District is about 168448 ha. Gross cropped area 227921 ha having 135% cropping intensity. The District faces both flood & Drought & sometimes one is followed by another in a same year. Sankrail, Gopi-I, Gopi-II & Binpur –I have flood prone areas of about 2120 ha. As well as most of Blocks have Drought prone area of about 114099 ha. The average rainfall of the District for last 10 years is 1609.46 mm. but it is the experience of the people that the District faces scattered & uneven distribution of rainfall almost in every year & the monsoon showers come always in late.

The Disaster Management plans in Agricultural sector means the contingent crop planning in Kharif crops during Kharif season to meet the unforeseen contingencies like flood, drought etc. during the growing season of crops.

Agriculture largely depends on nature & contingent crop planning is an integral part of agricultural production planning. The objective of the contingency crop planning is to provide ways & means to tackle the situation due to flood or drought or any other natural calamity.

To combat the situation whatever it may arise due to flood or drought the following action plan is to be adopted:

To overcome the adverse effect of Flood

Actions to be taken by farmers.

A. Early / Mid season Flood:-

1. Staggered sowing of paddy seed in seed bed at 10 days interval for at least 500 ha.
2. A place of higher elevation to be chosen for raised seed bed.
3. Cultivation of flood tolerant Swarna Sub-I Variety to be followed
4. To reduce the detrimental effect of sand deposition in cultivated land, sufficient organic matter is to be applied.
5. If sand deposition is high, it is to be removed manually or mechanically.
6. Use of drum seeder in case of late sowing.
7. Double transplanting of Paddy will be very much helpful specially after receding flood water during early and mid season flood.
8. In case of late transplanting five to six numbers of seedlings per hill to be transplanted and basal dose of Nitrogen to be increased.
9. Gap filling with available nursery or by splitting the tiller from the surviving hills.

B. Late Flood

1. Where there is no time for rice cultivation-
 - b) Kalai (Variety-Sarada, Goutam, Sulata etc.) may be grown in the post-Kharif season.
 - c) Toria, yellow sarson, lentil, gram, etc. may be grown early in the Rabi season.

Measure to be taken by the Agriculture Department.

- a) Requirement of seed and fertilizer kit to meet up the contingent need during Kharif 2018-19

Sl. No.	Seed / Input	No. of Kits	Quantity (M.T)	Money Value (Rs. In lakh)	Area to be covered (HA)
1	Paddy (Swarna Sub-I) @ 10 kg	10000	100	48.00	2000
2	Fertilizer (N.P.K) @ 10 kg	10000	100	30.00	2000
3	Kalai @4 kg	1000	4.0	5.05	134
Total				83.05	4134 ha

- b) Staggered Seed Bed at Govt. Farm - 2 ha
- c) Storing of straw at Govt. Farm for feeding the cattles-10 M.T

To overcome the adverse effect of Drought

A. Actions to be taken by the Agriculture Department -

- a) Joint monitoring by District level officers of the Department of Agriculture, Irrigation & Waterways and WRI&D to be done to look into the real situation and to find out the ways

for supplying Irrigation water from all Irrigation sources and ensuring it at grass root level in the blocks.

- b) Water harvesting structures like pond, dug well etc. to be excavated for storing rain water by the departments.
- c) Providing pump set to the farmers from ongoing Departmental Scheme.

d) Requirement of Seed and Fertilizer Kit to meet up the Contingent need for Rabi / Boro during 2018-2019

Sl. No.	Seed / Input	No. of Kits	Quantity(M.T)	MoneyValue (Rs. in lakh)	Area to be covered (HA)
1	Paddy (Sahabhagi Dhan)	10000 @ 10 kg each	100	48.00	2000
2	Fertilizer (N.P.K)	10000 @ 10 kg each	100	30.00	2000
3	Mustard	3200 @ 1kg each	3.2	3.4	426
4	Lentil	1000 @ 4 kg each	4.0	6.28	135
5	Sunflower	1000@ 1kg each	1.0	1.0	145
6	Khesari	1000@ 4kg each	4.0	4.0	135
7	Ground Nut	3200@ 15kg each	48.0	58.16	400
8	Moong	3200@ 4kg each	12.8	20.0	534
	Total			170.84	5775

B. Actions to be taken by the farmers:

- a) For harvesting rain or runoff water, earthen bunds are to be constructed around the individual plot.
- b) Application of organic manure to increase the water holding capacity of the soil.
- c) Staggered sowing of rice seed in seed bed at 10 days interval.
- d) Cultivation of Sahabhagi Dhan to be followed.
- e) Closer spacing with higher number of seedlings per hill is to be practiced.
- f) Direct seeding of rice through zero/minimal tillage machine.
- g) Cultivation of Arhar, blackgram, groundnut & maize or mixed cropping of maize & arhar in high lands.
- h) Mechanical weeding in rice field & use the uprooted biomass of weeds as soil mulch or use other mulching materials like straw in rice field.
- i) Not to apply Nitrogenous fertilizer in the soil to restrict weed growth. Foliar spray of Urea or DAP @ 1-2% may be applied at critical growth stages of the crop.

Action to be taken to combat Natural calamity for compensation of crop damage:-

- a. **SDRF** - Distribution of cheques for compensation of crop damage (above 33%) to affected

Farmers are be conducted by Deptment.

- b. **Bangla Fasal Bima Yojana - (a).** Arrangements are being made to bring most of non loanee farmers under BFBY like previous year by campaigning
(b). Awareness campaigning for issuing new KCC & reviving the dormant KCC of the farmer so that most of the loanee farmers of KCC holder come under BFBY automatically.

17.Preventive and Preparatory Measures ofAGRI-MECHANICAL DIVISION:

Jhargram (Agri- Mech) division is looking after the running and maintenance of 160 nos. Govt. owned and operated River Lift Irrigation Schemes.

As the discharge capacity of the diesel pump sets is reduced from the rated capacity due to their (20-25 years) ages resulting in less coverage of irrigation by the old and inefficient diesel pumping sets, the WRID Department started to convert all the diesel operated RLI Schemes to the electrically operated one. The proposed conversion/renovation of 1 no such diesel operated R.L.I Schemes will create an opportunity to bring back nearly 100-120% of the cultivable command area under assured irrigation. the conversion will facilitate easier operation and maintenance of the pumping sets, and will have beneficial effect on the environment besides avoidance of the hazards involved in the carriage & storage of highly inflammable H.S.D and lube oil required for the operation of diesel engine pumping sets.

Existing Structures: - RLI Structures (Govt Owned) are as follows:-

Sl. No.	Type of structure	Nos.	Name of Block	CCA in Ha	Remarks
1	Major RLI	24	Jhargram	1440	
2	Major RLI	26	Jamboni	1560	
3	Major RLI	13	Binpur-I	780	
4	Major RLI	13	Binpur-II	780	
5	Major RLI	16	Gopiballavpur-I	960	
6	Major RLI	32	Gopiballavpur-II	1920	
7	Major RLI	20	Sankrail	1200	
8	Major RLI	16	Nayagram	960	

RLI Structures (Handed Over) are as follows:-

Sl.No.	Type of structure	Nos.			Name of Block	CCA in Ha	Remarks
		Major	Midi	Mini			
1	RLI	4	3	0	Jhargram	360	
2	RLI	2	5	3	Jamboni	380	
3	RLI	2	2	0	Binpur-I	200	
4	RLI	1	6	2	Binpur-II	340	
5	RLI	6	4	4	Nayagram	600	
6	RLI	4	0	0	Sankrail	240	
7	RLI	1	4	3	Gopiballavpur-I	280	
8	RLI	7	3	0	Gopiballavpur-II	540	

Plan for Management:-

1) As all the RLI Schemes (Govt. Owned) are operated by the Operator cum Mechanic (OCM)/Assistant Operator (A.O.) who are posted in the above noted blocks under the BDOs of the District can be utilized for any disaster like situation.

2) The 4 nos. Assistant Engineer (AM) / (AE) of 4 nos. Sub Division and the Executive Engineer (AM) Midnapore(AM) Division can be contacted for the disaster management. Their Phone Nos. are as follows:-

Designation	Phone nos.
Assistant Engineer(AM) Jhargram-I(AM) Sub Division	03221 255163
Assistant Engineer(AM) Jhargram-II(AM) Sub Division	03221 255163

18. Preventive and Preparatory Measures of AGRI-IRRIGATION

Minor Irrigation plays a vital role in the agricultural development of the state. Both surfaces as well as ground water are being harnessed for implementation of M.I.Schemes in various parts of state. However, surface water is more significant in those parts where ground water availability is less favourable.

Designation	Contact details
Excutive Engineer, Agri-Irrigation, Jhargram	8584807922, 9434455373 03222-275465

Ground water schemes of this department are relevant for post flood restoration work during 'Rabi season' in the event of flood.

19. Preventive and Preparatory Measures of CIVIL DEFENCE DEPARTMENT

No. of Civil Defence Volunteers / Trained CD personnel of different Blocks / Municipalities under Jhargram District:

Sl. No.	Name of the Blocks / Municipality	Name of CD Volunteers / Trained CD Personnel
1.	Binpur-I	15
2.	Binpur-II	10
3.	Gopiballavpur-I	04
4.	Gopiballavpur-II	115
5.	Nayagram	15
6.	Jamboni	18

Sl. No.	Name of Block	Qty. of Boat
1.	Sankrail	01
2.	Nayagram	01

20. Preventive and Preparatory Measures of Fire Brigade, Jhargram.

The Jhargram Fire Station of West Bengal Fire and Emergency Services under Jhargram district had been inaugurated on 17 January 2001. It consists of single and two storied building with the provision garage of two fire pump station. Coverings area approx 50 katha with different types of tree surrounding it. Two number of sub-mersable pumps are provided to fill the fire vehicle tanks.

According to principle of work it has many type of movement which can be mentioned as:-

- 1) Fire and rescue call attending and receiving the call over telephone, running caller, police and political representative.
- 2) The stand by performance such as Helipad duty, Puja, Cultural programme, Political and administrative meetings of VVIP's.
- 3) Attending fire training and safety programme on School, Collage, Industries and Hospital
- 4) Inspection of high rise building and factory industries Hazard oriented
- 5) To assist the police service for water browsing and application of water pressure Jet.
- 6) The increasing of industries, Organisation and educational system the requirement of fire turn out are increasing the acute shortage of man power specially the officers and F.E.O.D (Fire Engine Operator cum Driver) who drive the fire turn out at the fire ground. One of the major issue regarding the rescue of domestic animal and sometimes along with the owner who fail the within of misshap trapped due to misshap of falling into the open well/ uncovered reserver and even septic tank.
- 7) In that scene the letter is already issued to S.D.O, Jhargram Vide memo no. E9/Jhargram/OC/81/18 Dated: 29/06/18 the present strength of fire brigade are enclosed herein.

DESCRIPTION OF THE BLOCK IN JHARGRAM DISTRICT

23.1. JHARGRAMBLOCK

GENERAL INFORMATION

Block head Quarter	Jhargram
Distance From District Quarter	51.20 km
Geographical Area	789.50 Sqkm
Gram Panchayat	13
Mouza	604
Inhabited Mouza	492
Gram Sansad	129
No. of House hold	39322
Population (2011 census) :-	
Total population	172361
Male	87455
Female	84906
S.C. Population	20698
S.T. population	35542
No. ITDP mouza	173
Literacy Rate	65.36 %
No. of Post Offices	16
No of Bank Branches	14
No. of Co-operative Society	92

AGRICULTURE

Total Rural Families	36876
BPL Families (2002)	13380(44.00%)
Small Farmer	6670
Marginal Farmer	12875
Land Use (in Hect) :-	
Net area under cultivation	26424
Area under pasture, orchard etc.	1760
Cultivation Waste land	460
Forest land	15400
Residual land	300
Land reforms (area in Hect) :-	
Total land vested	10945 Hect.
Vested land distributed	6347 Hect
No. of vested land beneficiary	9941 Nos.
Patta Holder	9941 Nos.
Bargadar	102 Nos.
Kisan Credit Card	2238 Nos.
Old age pension	854 (@ Rs. 750.00 per head)

HEALTH FACILITIES

No. of B.P.H.C	1 (8 beds)
No. of P.H.C	5
No. of sub-center	32

INDUSTRY

No. of SSI units Registered	315
No. of person engaged	2225
P.M.R.Y. 2005 – 06	40
Major Handicrafts	344
No. of Petrol Pump	05

DRINKING WATER SUPPLY

Spot sources	900 (T.well) + 2202 (well)
No. of mouza covered	485 (exclude.Muni-25)

IRRIGATION

Total irrigated Area	16,790
Irrigation facilities (in hec)	
Canal (Kangsabati Branch)	5,500 (Kharif)
Tank	92 (1900 Ha.)
RLI	24 (305 Ha.)
DTW	7 + 9 (M) – (200Ha)
STW	810 (4000 Ha.)
Other (Bandh,Well etc.)	4885 Ha.

EDUCATION

Educational Institutions :-	
Primary school	199
Teacher	524
Students	19201
No. of SSK	113
Anganwadi center	196
Secondary :-	
Junior High school	21
High	21
Higher secondary	18 nos. H.S. out of 21 nos.
Uper Primary	
No of M.S.K.	9
College	2 + 2 = 4 Nos.

POWER

No. Of Mouza electrified	461
No. Of pump energized	
Total road length (in Km)	364.40

ROAD

B. T.	105 K.M. + 30 KM NH-6
GR/ M	280 KM
Earthen	74 KM

1. No. of Lodha family	1988
2. Total Lodha Population	7276 Male – 3748 Female – 3528
3. Dwelling House	341
Land purchase for Lodha family	111 F, Area- 39.12

FOREST

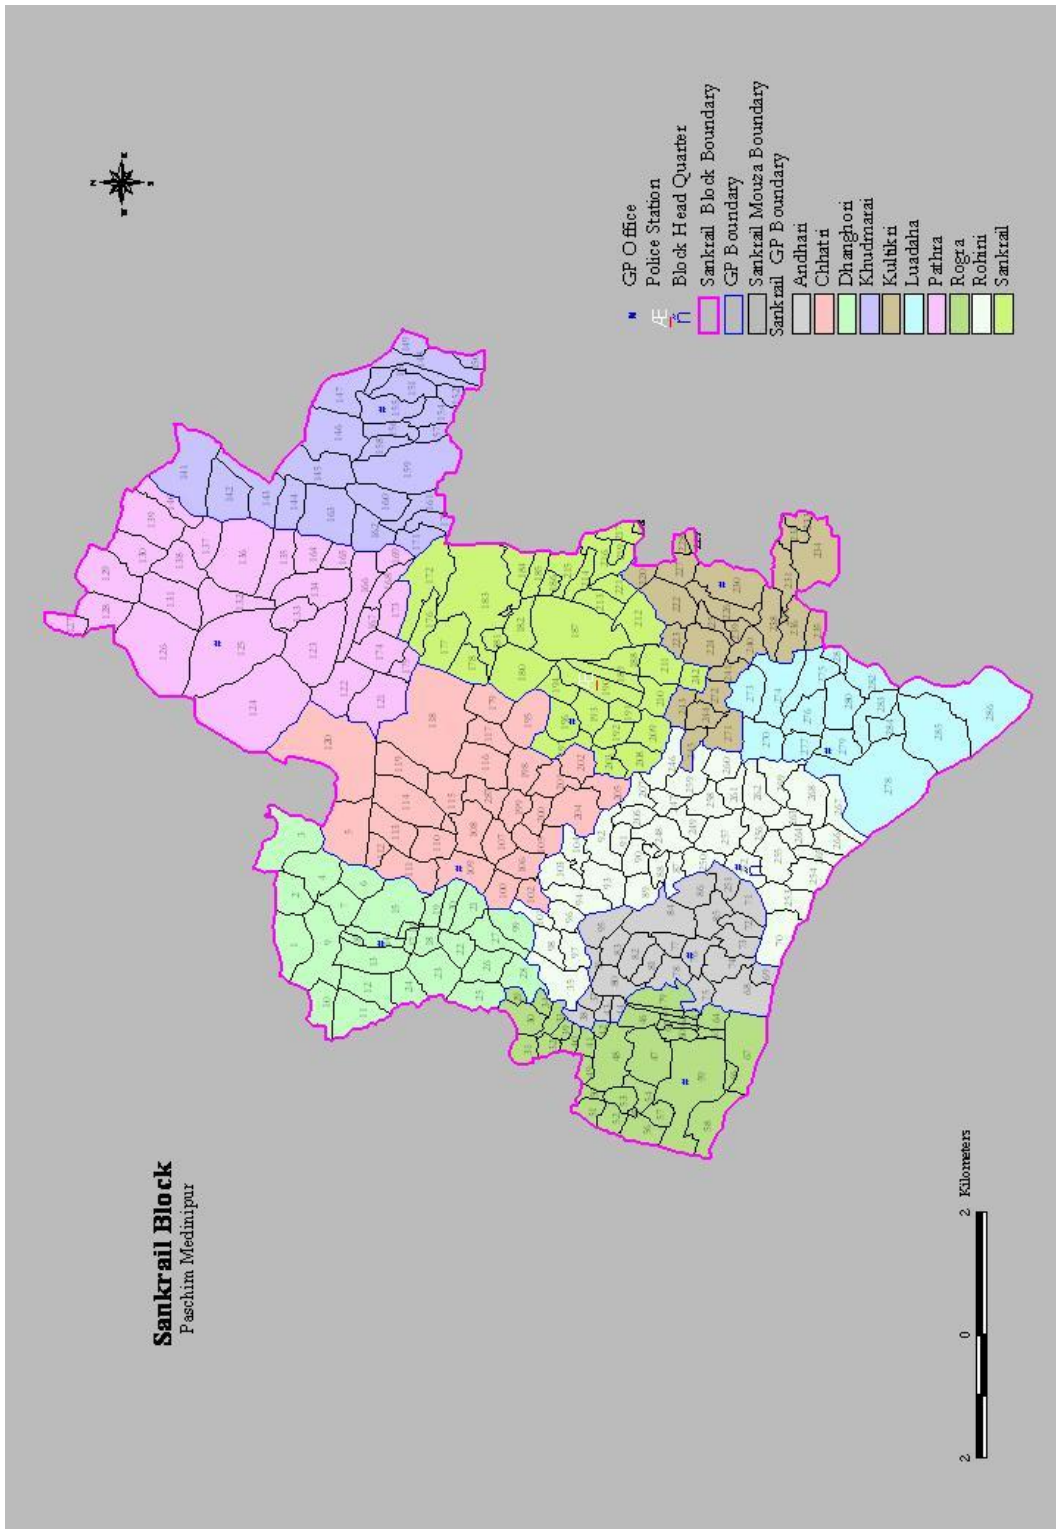

Area covered by social forestry	
Forest land	8150 hector
Patta distributed	219 nos. beneficiaries 62.6865 acre of land

SGSY

No. of SHG formed	1820
No. of SHG opened bank account	1820
No. of members / family involved	18200
No. of Group passed grade –I	1390
No. of Group passed grade –II	530
No. of group credit linked	170

23.4. GOPIBALLAVPUR-I BLOCK

Gopiballavpur-I Block having its block head quarter at Chhatinasole is situated beside the Subarnarekha River which is a life line of this block. It is situated at South-Western part of West Bengal as well as of the district Jhargram. It is one of the blocks under Jhargram Sub-Division. Our block is surrounded by Orissa and Jharkhand at the South Western side and by Nayagram block at its east and by Gopiballavpur-II block at its north side.

At a glance:

i)	Total geographical area of the block is about 275.8 Sq.Km.		
ii)	Distance from District Head quarter 45 km (Jhargram)		
iii)	Distance from nearest Railway Station 45 km (Jhargram).		
iv)	Police Station at Gopiballavpur.		
v)	Total population (as per 2011 census) - 108256		
vi)	Male population- 55700.		
vii)	Female population - 52552		
viii)	Other population - 04		
ix)	SC population	MALE	10706
		FEMALE	10217
		TOTAL	20923 (21%)
x)	ST population	MALE	16740
		FEMALE	16137
		TOTAL	32877 (35%)
xi)	No. of House Hold :	16870 nos	
xii)	BPL families (Survey 2002) :	1338 nos	

Agriculture

Main cultivation of this area is paddy during rainy season and during boro period is groundnut, Watermilon etc. People of this block mainly earn their livelihood from Agriculture, although a vast non-irrigated land is there where people could not cultivate because of dry nature of the land.

i)	No. of Small farmers	1338
ii)	No. of Marginal farmer	12225
iii)	Area under Cultivation	14927 Ha
iv)	Area underN Parture, Orchard etc	250 Ha
iv)	Cultivable Wante land	410 Ha
iv)	Forest land	5949 Ha
iv)	Area under habitation	235 Ha

Irrigation

i)	Total irrigated area (Kharif)	7327 Ha.
ii)	Total irrigated area (Boro)	5647 Ha.
iii)	Main worker	28407
iv)	Marginal worker	11927
v)	Cultivators	11885
vi)	No. of Canal	10
vii)	No. of Tank and Pond	345
viii)	River lift irrigation scheme	10

Education:

Literacy rate of this area is a bit behind the state average, in fact a lot could be done in respect of promoting the educational aspect of our Block. Generally SC/ ST people who are around 60% of total population, have still got superstitious belief and lack of awareness. Literacy rate-56.90%.

i	No. of College: 1 (One) :	Subarnarekha College
ii	No. of Higher Secondary School	12 Nos.
iii	No. of Primary School	131 Nos.
iv	No of SSK	60 Any
v	No. of MSK	6 Nos.
vi	No of NCLP	1 No.
vii	No. of Anganwadi Centre	220 Nos.
viii	Rural Library	4 Nos.
N.B. : Mid day meal are running successfully in all Primary Schools, SSK's , MSK's and Upper Primary Schools .		

Health

Basic Health facilities of this Block have progressed much during last five years because of setting up of sub-centres and new appointment of ANM & ASHA who could reach the people at their doorstep.

Block Primary Health Centre at Gopiballavpur	1 (One)
No. of Primary Health Centre	3 (Three)
No. of Sub-centres	18(Eighteen)
Block animal Health Centre	1(One)
Addl. Animal Health Centre	1(One)
Animal Development Aid Centre	04 (Four)

Industries

There are no such industries yet but some house hold industries viz unselling of ground nut industries are there. Proposal is there for setting up of a rice mill at Chhatinasole and expected to be established within 2019-20 period. Also one Bus terminus would be set up here.
