MULTI HAZARD DISTRICT DISASTER MANAGEMENT PLAN, 2016-17  
UTTAR DINAJPUR

FOREWORD

The Multi Hazard District Disaster Management plan 2016-17 of Uttar Dinajpur District is hereby prepared in accordance with the guidelines of the Department of Disaster Management, West Bengal for better strategic preparedness of Disaster Management.

The plan incorporates almost all subjects of Disaster Management varying from different natural and man-made disasters like Cyclone, Flood, Drought, Earthquake, Accidental Fire etc. which are often experienced in this district along with a brief overview of the District for acquaintance of all concerned. The Plan documents also puts focus on the demographic detail of the district i.e. climate, rainfall etc. Moreover, the document has also a comprehensive list of resource inventories, shelter places and defined duties of different departments/ organizations in order to combat the situation of disaster with quick response so as to mitigate the loss of life and damage to property.

The Flood Contingency Plan 2016-17 is also incorporated here which is an integral part of this Multi-hazard Disaster Management Plan. The contingency plan is further enriched with the list of important public authorities and NGOs for better co-ordination of Disaster Management in terms of rescue and relief operation.

( Randhir Kumar, IAS )  
District Magistrate,  
Uttar Dinajpur

**Uttar Dinajpur.**

# CHAPTER – I

## INTRODUCTION

The District of Uttar Dinajpur came into existence through bifurcation of the erstwhile district of West Dinajpur with effect from 1<sup>st</sup> April 1992. This district is a narrow strip of land extending from north to south. Its geographical area is 3140 square kilometer. It has a border of 227 KM with Bangladesh and a length of 206 KM with the State of Bihar. It is bounded to the north by the district of Darjeeling, in the east by Bangladesh, and by the district of Dakshin Dinajpur and in the west by the District of Malda and also by Kishanganj, Katihar and Purnea districts of the State of Bihar. The District HQ is situated at Karnajora, Raiganj. The district consists of Raiganj and Islampur Sub-Divisions. It has 9 (nine) Development Blocks, 4 (four) Municipalities, 9 (nine) Police Stations, 9 (nine) Panchayat Samities, 98 (ninety-eight) Gram Panchayats and 1516 Mouzas. Other particulars of the district are given in subsequent district profile.

The climate of the district is hot summer with high humidity, abundant rainfall and cold weather. Summer begins from the month of April. Monsoon commences from June and continues up to the last week of September. December and January are the coldest months. The annual rainfall of the district is about 2041.90 mm. There are mainly 10 rivers in the district. Mahananda is the only river which flows throughout the district. The flood is caused generally by water logging and the lack of proper affluence of flood waters.

With the passing days there are changes in the approach, method and execution of relief operations during natural calamities in their pre, during and post occurrence period. In the earlier occasions, contingent plan for natural calamities used to be prepared normally for flood only; in case of other natural calamities like cyclonic storm, hailstorm, drought etc. relief operations were carried out as and when required basis.

Of late, there is a shift in paradigm in the management of flood and disaster from the earlier concept of contingent plan to comprehensive Disaster Risk Management Programme. It is more or less holistic in nature and it involves all concerned departments, peoples' representatives and non-governmental organizations. Its character is multi-disciplinary, participatory and community-oriented in implementation, management and monitoring of programmes.

The Govt. of India the (Department of Home Affairs) has entered into an agreement with United Nation Development Programme (UNDP) with a view to managing relief operations during natural calamities /disaster.

The thrust of this new approach is on preparedness, response and mitigations in the occurrence of natural calamities /disasters and less time gap between disaster and response. Another component of this Programme is capacity buildings of officials of Governmental and Non-Governmental organizations in respect of preparedness response and mitigation of loss and damage of life and property.

It is also stressed that developmental works of different departments and Panchayat Raj Institutions should be converged to fulfill some of the objectives of Disaster Risk Management Programme. Schemes like construction of flood rescue centers, repairs, maintenance and constructions of schools, improvement of available infrastructure in these centers, construction of latrines and toilets in the premises of rescue shelters and schools proposed for rescue centers during flood emergency can be included in the District Annual Plan under sectors like State Plan, Border Area Development Plan, Special Central Assistance etc.

*The District' Disaster management Committee and Flood Contingency Plan 2014-15 meeting in respect of the District will be held in the Month of May-June.2014*

## CHAPTER - II

### MULTI-HAZARD DISASTER MANAGEMENT PLAN

#### WHAT IS DISASTER?

United Nations define it as..... the occurrence of a sudden or major misfortune which disrupt the basic fabric and normal functioning of a society (or community). Today the term **Disaster** is commonly denote any extreme event be it natural or man-made which brings about loss of life, property, infrastructure, essential services and means of livelihood to an extend that it becomes difficult to cope with the situation normal capacity of the affected community to deal with unaided.

#### WHY IS IT?

India with its sub tropical location, long costal line and the tectonic history is exposed to major natural hazards, such as Earth quakes, Cyclones, Flood and Droughts. More over Manmade disaster like fires, Bomb blast, building collapses, Road accidents, Boat capsizes and Dam Bursts too are common.

Among the 139 districts that have been identified to be Multi- hazard prone, Uttar Dinajpur district due to its unique geo-climatic and geo- morphological condition is listed as vulnerable to natural disaster like flood, cyclone, drought, epidemic, earth quake etc.

A centralized disaster management plan is difficult to arrive at, considering the nature, frequency of disasters. A decentralized, participative, people oriented and transparent disaster management system including not only the post-disaster response but also pre disaster prevention and preparedness actions could play a greater role in reducing the disasters and their impact.

The district in the past has experience of disaster, both natural and manmade, like flood, storm, hail storm, cyclone and accidental fire more or less every year in the district of Uttar Dinajpur. Apart from this, drought and drought like situation are faced and the most point of highest concern is vulnerability to Earth quake as the entire district is under the seismic zone iv of high magnitude and intensity. Further, the district has the experience of combating the disastrous Rail Accident in 1999 at Gaisal under the Sub-division of Islampur where in hundreds of passengers lost their lives. The horror of such disaster still haunts the people in this region.

Taking in to consideration of the above facts and as per new concept of the Government on the paradigm shift from Relief & Rescue operation to pre disaster preparedness of people and stake holders in respect of mitigation of risk of a disaster, the need for a Multi hazard Disaster Management Plan is essential.

## **BASIC OBJECTIVES**

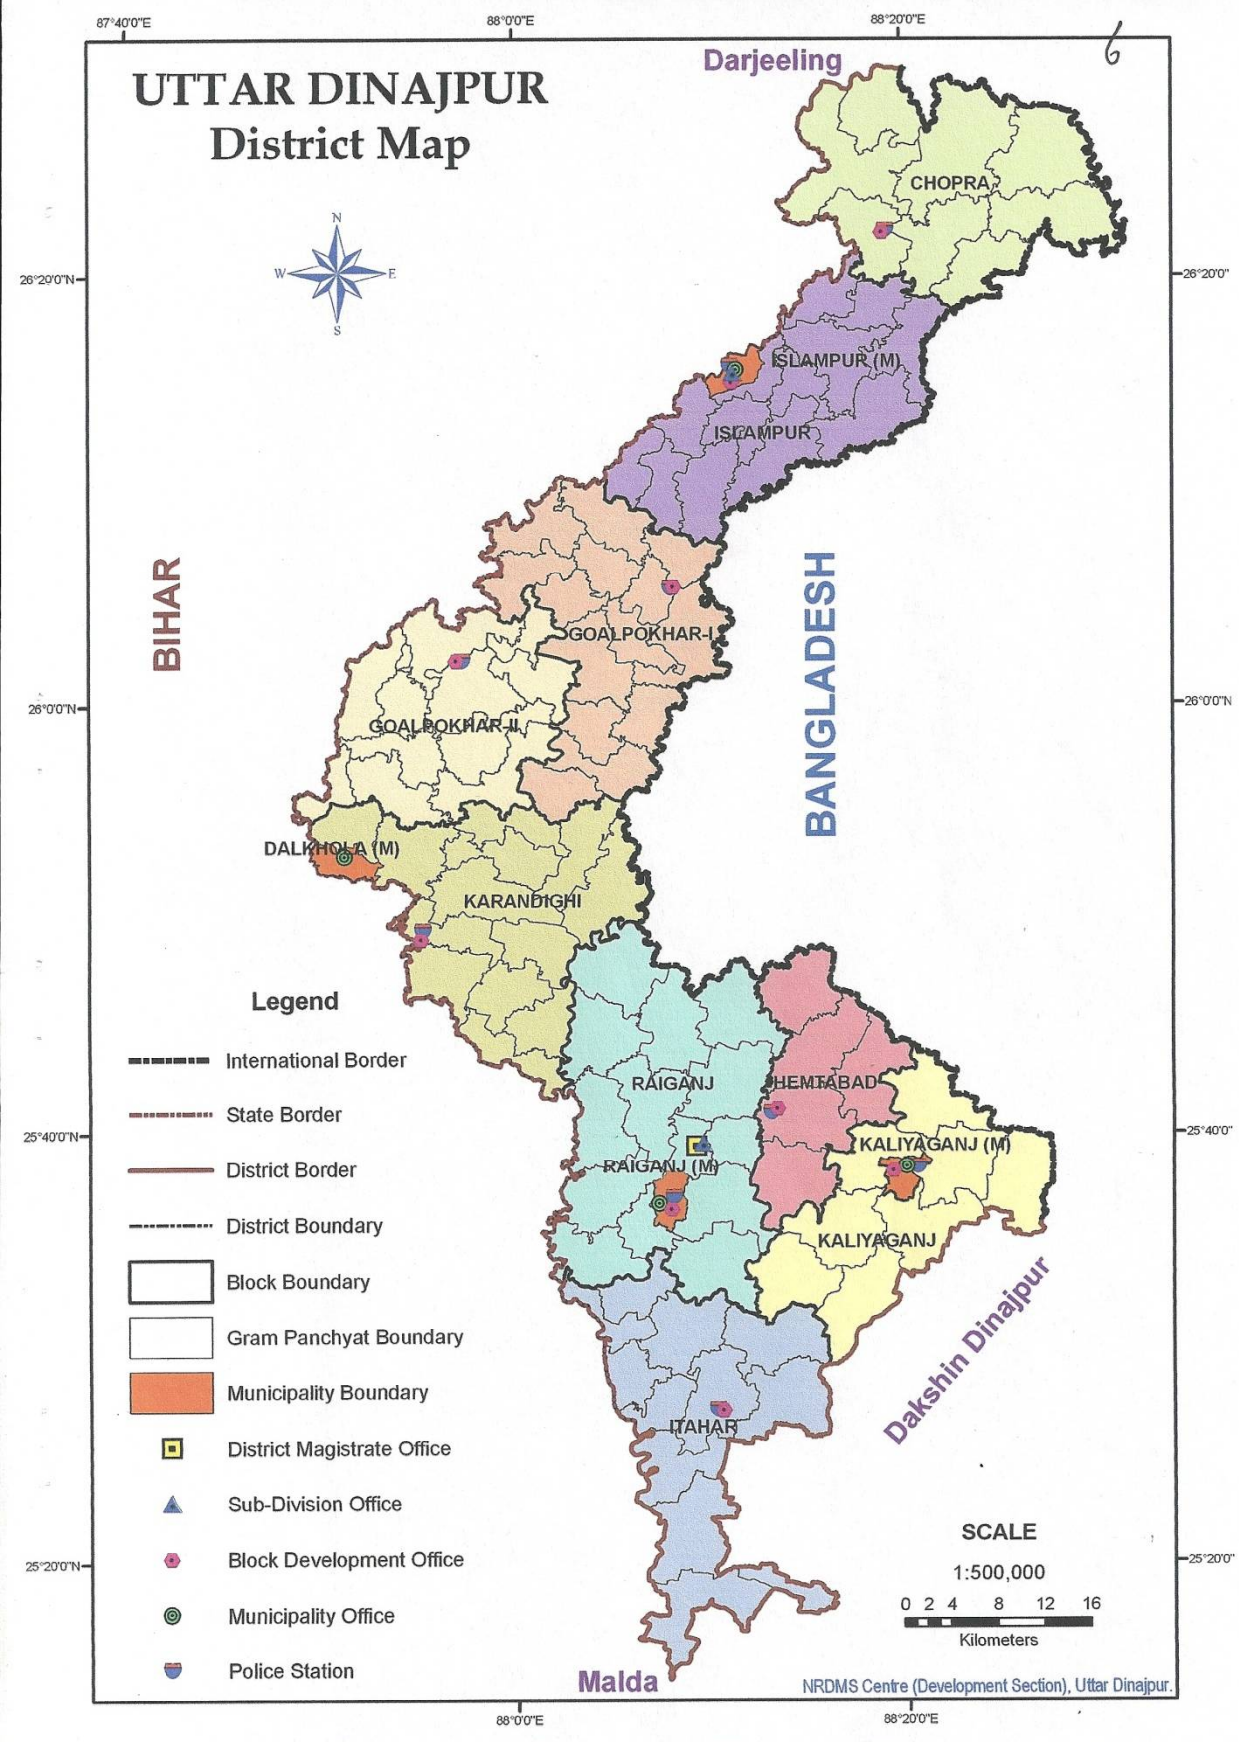

The incidences of disaster, whether natural or manmade interrupt the normal life of the people. Unexpectedly immense shocks and grieves prevails in the society and for sometimes it stands still. The ongoing development works are hampered. The happening of disaster causes loss and damage to life and property. The class or the people for whom the developmental activities are undertaken by a welfare and democratic government are not only deprived of their socio-economic development, but the fabrics of such development they had knit by this time are also destroyed. Due to the hazards of such disaster the feeble kucha and thatched houses of poor, their personal effects and belongings are damaged at the cost of all pennies and paises. Besides, the standing crops of small & marginal farmers and share croppers are damaged and the burden of borrowing in this regard, they cannot bear and as a result get prey of suicidal death. Apart from this, the deaths of domestic animals are also a heart broken effect in the families of hapless people and above all, numerous humble lives are lost due to disaster every year. Moreover, the government is to suffer a lot in respect of damage of public utilities, infrastructures and development projects. The government has to incur huge amount of public money on Relief & Rescue and Renovation works.

Based on this real life experiences the policy of the government has been changed from the concept of Relief & Rescue operation during disaster to the pre disaster preparedness of the vulnerable people with the help of Government or Non Government Agencies towards the mitigation of Risk of loss and damage of life and property and to substantiate the development as well. In other words, we are to go for the Risk Management and thus help the people or society to reach up to their desired place of development and prosperity.

Therefore, to outline the Risk in respect of disaster, vulnerability assessment is essential i.e. vulnerable places, class, Sex; structures etc are to be identified. Thereafter local resources and man power are to be searched out and equip the human resources before occurrence of disaster for the purpose of mitigation of Risk of Loss & Damage. Besides, sufficient arrangements for Crisis Management is also to be made and all possible efforts from all concerned are desirable to combat such situation.

The crux of the thing is that, to combat disaster with a minimum loss of life and damage to property is the objective of the preparation of Multi hazard Crisis Management Plan putting details of population, Land use pattern, vulnerable persons or places & arrangement of all resources/ materials like food, drinking water, medicines, communication etc. Finally, a substantiate development of the society is the main target of Crisis Management and this plan will be no doubt very useful in this direction.

# CHAPTER - III

## OVERVIEW OF THE DISTRICT

### LOCATION

The district of Uttar Dinajpur lies between **25° 10' to 26° 35'** North latitude and **87° 45' to 88° 35'** East longitude covering an area of **3,142 sq. km**. The district is bounded by Bangladesh on the East, Bihar State on the West, Darjeeling District on the North and Malda District on the South.

The District is well connected with the rest of the state of West Bengal by National Highways, State Highways and also by Railways. NH-31 and NH-34 pass through the centre of the district. The Topography of the land is largely flat with a gentle slope towards south. The major river systems are Kulik, Nagar, Tangan, Sui and Mahananda.

## RISK ASSESSMENT

Type of Hazards	Time of Occurrence	Potential Impact	Vulnerable areas
Cyclone	May to June & Sept. to Oct.	Not so severe	Almost all the Block/ Municipality
Flood	Aug. to Sept.	Severe	More or less entire district but mainly Itahar, Kaliyaganj, Raiganj, Karandighi Block.
Drought	April to July	Severe	Almost all the Block/Municipality
Earthquake	Any time	Severe	Almost all the Municipality and Semi urban Villages.
Sunstroke			
Fire	March to June	Severe	Almost all the Villages in rural areas.
Chemical Accidents	Any time	Not so Severe	Raiganj Municipality.
Boat capsized	July to Oct.	Severe	Itahar & Kaliyaganj Block.
Epidemic	April to Dec.	Severe	Rural areas of the district.
Accident	Any time	Severe	any part of the district.
Lightening	April to Oct.	Not so Severe but Sometimes causes Loss of human lives.	- Do -

### MESSAGE TO PUBLIC over All India radio should be specific.

- 14 REGULAR CONTACT at intervals with R.D.C, S.R.C., OSDMA, IMD, Home Secretary, Revenue Secretary, PS/Secretary/Addl. Secretary to Chief Minister, Chief Secretary and Health Secretary.
- 15 Written orders shall be issued for identifying places for starting free kitchens for at least 3 days.
- 16 Check up <http://www.npmoc.navy.mil/jtwc.html> and [www.imd.ernet.in](http://www.imd.ernet.in) and other web sites.
- 17 Keep spare copies of district maps. Jurisdiction maps of all irrigation divisions shall be kept ready in good numbers.
- 18 Place requisition with S.P/OSDMA for supply of temporary VHF sets for CDMO, CDVO, Sub-Collectors, SE-Irrigations, DEO & neighboring BDOs/Tahasilders.
- 19 Contact Flood Cell, CWC and Meteorology Bhubaneswar.
- 20 Requisition all IB/Rest sheds.
- 21 Requisition School/Collage for Army/Police forces.
- 22 Direct all filed officers to hire generators and keep sufficient oil for running them.
- 23 Direct all police stations to keep spare batteries for VHF.
- 24 Looking at the onset of emergency and after making quick preparations, convene Emergency meeting of important official and non-official agencies. Give them clear instructions on the above manner.
- 25 Make a Duty Roster of Important Officials for uninterrupted functioning of DCR & immediate Implementation of the Relief/ Rescue Programmed

Assessing of duty. Maintain inventory of resources. Provide information, which needs it. Service division and assign duties. Receive information on a routine basis and record. Receive preparedness report from various relevant dept. Basing on the reports feedback to the district authority and others. Vulnerable area map displayed. Imp. Phone numbers.		

## EVACUATION, SEARCH AND RESCUE

Department	Evacuation, Search and Rescue Response Structure and System			
	Preparedness	Pre (after Warning)	During Disaster	Post disaster
District	1) Prepare Volunteer list. 2) Organised Mock drill	Assignment of duty to volunteers	Engagement of the volunteer	To arrange medical aid and Relief operation.
Panchayat Samiti	-Do-	G.P. wise assignment of duty of local volunteers.	-Do-	-Do-
MVI	To enlist the homes of vehicle owners with Telephone no.	To control the vehicle owners.	Engagement of vehicles.	Engagement to be continued.
Police	Assessment of officers and staff for Law & Order duty.	Job assignment of staff.	Stand by duty	
Fire Brigade	Assessment of officers and staff and checking of vehicles and equipments.	-Do-	Engagement of duty.	
Medical	Assessment of staff, medicines with available ambulance.	-Do-	-Do-	Medical facility to be continued
Saline and Embankment/PWD/RD	Assessment of Risk due to breach of Embankments/Road /Bridge/Culverts etc. Storage of Emergency repairing materials.	Job assignment of officers/staff.	Engagement of staff.	Repairing Renovation of damage Embankment/ Road/etc.
NGO/Volunteer	To enlist the volunteers and organise mockdrills.	Job assignment of volunteers.	Engagement of volunteers	To help the people and Admin. in rehabilitation work.

## MEDICAL AND FIRST AID

Department	Medical Aid – Response System			
	Preparedness	Pre (after Warning)	During	Post
CDMO	Assessment of medicines, vaccine ORS. Halogentabs and to procure them.	Job assignment of staff in the fields	Engagement of the staff	Medical aid to be continued
CDVO	Assessment of medicine vaccine, fodder, etc. and to procure them.	-Do-	-Do-	-Do-
DSWO	Assessment of staff to take care of the weaker section.	-Do-	-Do-	Service to be continued.
District Administration	Overall assessment population to be affected and assessment of CDMO & CDVO is to be reviewed	Planning for the co-ordination with the CDMO, CDVO, DSWO.	Co-ordination with the concerned dept.	Co-ordination to be continued.
NGO/ Volunteer	To enlist the volunteers and organise mockdrills.	Job assignment of Volunteers	Engagement of volunteers	To help the people and Admin. in rehabilitation

## CARCASS / DEAD BODIES' DISPOSAL

Departments	Preparedness	Pre (after warning)	During	Post
Health/ VAS	To prepare the team of staff within their respective jurisdiction	Job Assignment	Engagement	Disposal
Gram Panchayat and NGO	To prepare GP team alongwith the volunteer of NGO	Job Assignment	Engagement	Disposal

## SHELTER MANAGEMENT

Sl no	Departments	Shelter Management – Response System			
		Preparedness	Pre (after warning)	During	Post
1	Dist. Admin.	Identification of shelter places and contact persons with Telephone no.	Contact the Person in charge	Overall Management	Evacuation and handing over to the person concerned.
2	Police	Assessment of officer and staff	Assignment of duty.	Engagement	
3	Electricity	Gather knowledge of all shelter places and get survey of them.	Check the existing lines and extend where there is not available	Immidiata response when they are at call	
4	RWS & S	Do	Check the sources of drinking water and assure its availability.	Do	
5	Medical	Do	Assignment of duty of the staff	Engagement	
6	PWD & RD	Assessment of Risk inrespect of link road to shelter places	Repaire if required	Maintain the road for better transportation / movement	
7	PHC	Do	Assignment of duty of the staff	Engagement	
8	NGO/ Volunteers	Gather knowledge of all shelter places	Assignment of duty of the volunteers	Engagement	

## WATER & SANITATION

Sl. No.	Departments	Health and Sanitation Response System			
		Preparedness	Pre (after warning)	During	Post
1.	CDMO	Co-ordination with RWS/PHE department and panchayet Bodies	Creat awareness for pure water	Supply Halogen Tablet	Awareness Programme to be
continued.					
2.	DSWO	- Do -	- Do -	Take care of the weaker section.	- Do -
3.	CDPO/ Supervisor	- Do -	- Do -	Take care of the Children under the project.	- Do -

4.	Executive Engg., RWS & S	Co-ordination with CDMO for Sanitation and get survey of the water sources.	Repair of the water sources if required	Maintain the supply of drinking water.	Supply to be continued
5.	RD/NGO/ Volunteers	Co-ordination with CDMO, RWS/PHE department.	Creat awareness	Help the concerned dept. to maintain the supply of water & sanitation.	Help to be continued.

### RELIEF

Sl. No.	Departments	Relief Operation – Response			
		Preparedness	Pre (after Warning)	During	Post
1.	Dist. Admin.	Assessment of population to be affected and storage of Relief materials.	Assignment of duty of the staff for Relief operation.	Undisrupted Relief operation.	Peridical distribution of Relief Materials
2.	Sub-division	- Do -	- Do -	- Do -	- Do -
3.	CDMO	Assessment of population to be affected and storage of medicines, ORS, AVS etc.	- Do -	Undisrupted medical aid	To be continued.
4.	CDVO	Assessment of animal population and storage of food & Medicines.	- Do -	- Do -	- Do -
5.	RWS& S	Identification of vulnerable area. Assessment of sources of Drinking water and storage of materials.	- Do -	Assured supply of drinking water.	- Do -
6.	DSWO	Assessment of population under weaker section.	- Do -	Assistance to the district/Sub-divisional Administration.	- Do -
7.	NGO/	Planning for Relief operation	- Do -	- Do -	- Do -

## INFRASTRUCTURE RESTORATION

Departments	RD	Irrigations	Electrical	RWS&S	District
Preparedness	Identification of Agency and completion of official formalities.	AS of RD	RD	AS of RD	AS of RD
Pre (after Warning)	Repair of existing schemes and completion of ongoing schemes.	- Do -	- Do -	- Do -	- Do -
During	Emergency Repair if required.	- Do -	- Do -	- Do -	- Do -
Post	Full fledge Restoration Work	- Do -	- Do -	- Do -	- Do -

## CATTLE CAMP

Departments	VAS	BDO	NGO/Volunteer
Preparedness	Identification of camps and assessment of capacity there on.	Co-ordination with the Panchayet bodies.	Assist the VAS & BDO.
Pre (after Warning)	Assignment of duty of staff for medical aid.	Co-ordination with CDVO.	- Do -
During	Engagement of staff.	Over all Supervision.	- Do -
Post

## CHAPTER – V

### DISASTER MANAGEMENT PLAN ON FLOOD (Flood Contingency Plan)

#### FLOOD FORECASTING AND EARLY WARNING SYSTEM

Information regarding heavy rainfall, flood warning is received through Regional Meteorological Centre at Alipore, All India Radio, Siliguri/ Kurseong/ Kolkata, Central Water Commission, North Bengal Flood Control Commission, Jalpaiguri, and Irrigation & Waterways Department. Moreover the water levels/Signals of different rivers flowing in this District also facilitate the information database. This information is then disseminated to Block and Gram Panchayat levels through telephone, R.T Message and through Police wireless.

Information is also channelised through different important line departments such as Agricultural Department which submits daily rainfall data recorded at Seven Rain Gauge Stations. Irrigation and Waterways Department has set up 8 Rain Gauge Stations along flood protection embankment at river KULIK (Rajganj NH-Road Bridge), NAGAR (Mokdampur, Raiganj), SUI (Two nos. at Pajol & Kachua, Itahar), GAMARI (Itahar), CHIRAMATI (Itahar), TANGAN (Radhikapur, Kaliyaganj) and DAUK (Chopra). Similarly, two Rain Gauge Stations of Central Water Commission on River MAHANANDA at Sonapur -Chopra and Siliguri Hill Cart Road Bridge also communicate messages.

Flood warning messages are communicated to blocks for communicating the same to Gram Panchayat under their jurisdictions.

Depending on the severity and devastation of flood, publicity is made through mike informing the public to shift from their places of residence to safer places at flood rescue shelters.

Borders Security Force (BSF-47,140,120,123, 116 & 89 Bn) posted in the border area of the districts have agreed to allow their RT communications set up for transmission of any news regarding occurrence of flood in their areas of posting and operations. In the similar manner this communications facilities can be utilized for information of flood message to the public along border regions.

The Indian Meteorology Department (IMD), the Central Water Commission (CWC) and the Department of Irrigation and Waterways are the three nodal agencies who are technically competent with manpower, equipment and are responsible to collect data of weather and flood forecasting to different Government Agencies and the All India Radio (Siliguri) for immediate dissemination of the news.

Full-proof preventive measures are not available despite the technologies developed in climatology, meteorology and satellite-based Warning Dissemination System. Though it is possible to predict natural calamities with some degree of accuracy, the predictions are not always available in time. Often the warnings reach at such a short notice that disasters cannot be averted. So, keeping these points in mind, the following objectives have been set for our Forecasting and Warning System.

- To ensure location specific flood forecasting with maximum possible degree of accuracy.
- Proper and prompt dissemination of the warning.
- To see that the warnings by themselves do not lead to panic.
- Proper networking among the 3 govt. departments involved in flood warning system.

## A BRIEF NOTE INCLUDING PAST HISTORY OF FLOOD OF THIS DISTRICT

Occurrences of flood in this region is a regular annual feature. Over bank flood due to breaches in the embankment render the fertile cultivable land unsuitable for crop production due to deposition of coarse sand on the surface to a variable depth. It is one of the major events of Natural Disaster. It is equally concern for rich and poor, because, more or less all suffer due to it. The human efforts made so far are actually inadequate to harness it. It causes great loss and damage to life and property. In the recent past, July 2007 about 20 million people were affected by flood with about 1000 human deaths in the Asian sub-continent, Nepal, India and Bangladesh.

The district of Uttar Dinajpur has witnessed flood in 1987, 1982, 1992, 1995, 1998, 2000, 2002, and 2005 in the past and among them floods of 1987, 1992, 1998 and 2000 varied in magnituge and in nature and were devastating. They have caused loss of lives and huge damage to properties. Housing infrastructure, Standing crops, Horticulture, Pisciculture are affected worth millions of rupees.

Thus, all the arrangements related to pre flood measures i.e. review of plan, assessment of vulnerability or risk, repairing of weak embankments or sources of drinking water re-conciliation of emergency food, medicine, fuel and restructuring of staff for duty in Control Rooms, rescue and relief operation etc are made in 1<sup>st</sup> fortnight of June from the end of concerned departments.

### RAINFALL STATUS DURING LAST 10 YEARS

Sl. No.	Years	Rainfall recorded
01	2006	1235.50 mm
02	2007	1515.60 mm
03	2008	1490.60 mm
04	2009	1515.30 mm
05	2010	1606.90 mm
06	2011	1786.40 mm
07	2012	1169.00 mm
08	2013	1581.70 mm
09	2014	1325.10 mm
10	2015	1246.52 mm

### IMPORTANT RIVERS OF THE DISTRICT AND THEIR DANGER LEVEL

Sl. No.	Name of River	Danger level	Extreme danger level	Place of Guage reading
01	Kulick	31.20	32.69.	Kulick Railway bridge
02	Nagar	31.54	31.86	N.H. Road bridge at Nagar
03	Gumari	26.82	27.91	N.H. Road bridge at Itahar

08	Dauk	69.46	70.07	N.H. Road Bridge at Chopra

## IDENTIFIED FLOOD PRONE AREAS OF THE DISTRICT

Due to geographical and topographical condition most parts of Uttar Dinajpur are prone to flood and water logging during monsoon. The list of the vulnerable areas (**Block wise**) prepared on the basis of previous floods is appended below:

Block / Municipality	Extremely affected G.Ps	Partially affected G.Ps
CHOPRA	Part of Sonapur, Chopra	Majhiali Part of Daspara, Part of Chutia khore, Part of Lakhipur
ISLAMPUR		Part of Ramganj-I, Part of Ramganj-II, Part of Kamlagaon- Sujali, Part of Gobindapur, Part of Agdimti Khunti, Part of Matikunda-I, Part of Matikunda-II, Part of Ponditpota-I, Part of Ponditpota-II, Part of Gaisal-I, Part of Gaisal-II, Part of Gunjaria.
GOALPOKHER-I	Part of Sahapur-I & II G.P.	Part of Goalpokher, Part of Sahapur-I & II, Part of Mahua, Khagore, Part of Dharampur I & II, Part of Panjipara, Part of Pokheria, Part of Lodhan, Part of Goti, Jaingao.
GOALPOKHER- II	Part of Sujapur-I & Part of Kanki G.P.	Part of Kanki, Chakulia, Part of Surjapur-I & II, Nizampur-I & II, Part of Bidyananda pur, Toriyal, Belon, Sahapur-I & II.
KARANDIGHI	Dalkhola-I & II, Raniganj, Domohona, Bazargaon I & II, Rasakhowa- I & II, Part of Lahutara- I, Part of Karandighi-I & II, Altapur- I & II.	Part of Bazargaon-I & II, Part of Rasakhowa- I, Lahutara- I & II, Karandighi- I & II.
ISLAMPUR MUNICIPALITY	Ward No. 1, 2, 3, 5, 16, 17.	Ward No. 4,6,7,8 & 10.
DALKHOLA MUNICIPALITI	Ward No. 9,10,11,12,13,14	Ward No. 5 & 8.
RAIGANJ	Part of Bhatun, Part of Jagadishpur, Part of Mahipur, Part of Bindole, Part of Sherpur	Part of Bhatun, Part of Jagadishpur, Part of Mahipur, Part of Bindole.
RAIGANJ MUNICIPALITY	Ward No. 3, 11, 13, 16, 18, 22.	Ward No. 1,2,3,4,5,6,7,8,9,11,12,14,15,16,17,18,19,20,22.
HEMTABAD	Part of Chainagar, Part of Bishnupur, Part of Naoda, Part of Hemtabad, Part of Bangalbari.	Part of Cahinagar, Part of Bishnupur, Part of Naoda, Part of Hemtabad, Part of Bangalbari.
KALIYAGANJ	Part of Anantapur, Part of Dhonkoil, Radhikapur, Part of Bochadanga, Part of Mostafanagar, Part of Baruna, Part of Malgaon.	Major part of Anantapur, Part of Dhonkoil, Part of Bochadanga, Part of Bhandar, Part of Mostafanagar, Part of Baruna, Part of Malgaon.
KALIYAGANJ MUNICIPALITY	Ward Nos.2,3,4,6	Ward Nos. 1,7,8,9,10,13,16
ITAHAR	Surun- I & II, Part of Itahar, Gulandar- I & II, Kapasia, Marnai, Joyhat (Part), Part of Chhayghara.	Part of Surun, Durlavpur, Durgapur, Patirajpur, Major part of Itahar, Part of Gulandar- I, Part of Marnai, Major part of Joyhat, Part of Chhayaghara.

| 3. Panjipara | Panjipara BSF Camp | Lat26deg07'54"N Long88deg00'28" S      |

### RESCUE AND RELIEF OPERATION:

During flood rescue and relief operation are carried out by the BDOs and their pre-constituted teams with the help of PRIs in rural areas and in urban areas Municipal Officials work under the direct supervision of SDOs. In case of worse situation the requisition of Army will be resorted by the DM. The Station Commander (Brig.) Bengdubi (Under No. 0353-2480010) is to be addressed.

As the situation of flood may continue for a long time so the relief operation is to be operated with the supply of relief materials. These are to be stored in all the Block/ Municipal levels well ahead of the monsoon starts. Moreover, public distribution system is to be mentained keeping a reserve stocks at vulnerable points. The D.C. (F&S) will maintain this stock.

### OPENING OF CONTROL ROOM

The District Control Room will be operated from 1<sup>st</sup> June to 30<sup>th</sup> September and adverse situations will be communicated to all concerned.

### TRIGGER MECHANISM FOR RESCUE AND RELIEF

The Trigger mechanism in fact is a preparedness plan in which all the participating managers and actors know in advance the task assigned to them and the manner in which they have to be prepared themselves to respond as such the organisation and planning has already been taken care of. The resources are identified including man power, material and equipment. The performers should have adequate delegation of financial and administrative powers and have the mandate for accomplishing the task. GP, Block & Sub-Divisional Level Quick Response Team (QRT) are to be formed in advance. Moreover, contingency plans of different line departments will be there, such as-

### PUBLIC DISTRIBUTION SYSTEM:

The arrangement for a reserve stock for public distribution system will be made by the District Controller, Food & Supplies, Uttar Dinajpur as follows like previous year :

- |    |                |   |
|----|----------------|---|
| 1. | K. Oil         | 05 KL with distribution agent.<br>01 KL with each Big Dealer.<br>200 Ltrs. with each M.R. Dealer.<br>400 Ltrs. with each M.R. Dealer in vulnerable point. |
| 2. | Food Grains    | 2000MT Rice.<br>1000 MT Wheat.<br>500 Qtls Rice at each 8 (Eight) Rice Mill Level<br>150 Bags flour at each 4 (four) flour Mill Level                     |
| 3. | LPG            | 100 cylinders at each 5 LPG dealer  |
| 4. | Petrol/ Diesel | 500 Ltrs. petrol and 1000 Ltrs. Diesels will be kept reserved by each Petrol pump Dealer of the District for flood emergency purpose.                     |

## **DRINKING WATER ARRANGEMENTS**

During flood the availability of drinking water is a major problem when spot sources like tube wells are submerged and some stretches of pipe lines are washed away and water gets contaminated causing health hazards. In order to provide drinking water facilities to the flood victims, Public Health Engineering Department has proposed the following contingent Plan.

### 1. Precautionary Measures:

- Stacking of Tube well materials at Block Headquarters, well in advance at least one month earlier.
- Stacking of Disinfecting materials like Bleaching powder etc. at different Block Headquarter and at the worksite of different water supply scheme.
- Stacking of short pieces of 40mm. Dia. GI pipe both end threaded along with socket are to be needed for raising Tube well at Block Headquarter.

### 2. Preparation during Flood:

- Disinfections of existing Tube wells and other sources of drinking water.
- Rising of the height of existing tube well by short pieces of GI pipe.
- Repair and Renovation of tube wells.
- Sinking of tube well at the rescue centre/places, if necessary.
- Supply of drinking water with tankers where there is no alternatives.
- Restoration and disinfections of piped water supply scheme.
- Motivate people to use safe drinking water to avoid water borne disease.
- Supply of drinking water by departmental mobile water treatment plant in the area where water tanker movement is not possible.

## **ARRANGEMENT FOR PROCUREMENT OF MATERIALS AT BLOCK HQ**

- For the purpose of disinfections of spot sources and piped water supply scheme 60 (sixty) drums (50 Kgs. Each) of bleaching powder will be required to be transported at different Blocks of Uttar Dinajpur well in advance. 105 (One hundred five) no. tube well sets will be available at the block Headquarter for emergency sinking at places of need and requirement.
- 500 short pieces of 40M.M. dia GI pipe and sockets will be ready for raising the height of existing tube well if necessary.
- Sufficient quantity of spare parts of ordinary hand pumps and D.W.P. will be available at blocks/G.P. level.

## ANIMAL CARE AND VETERINARY COVERAGE

### 1. Man power

- a) Gram Panchayat Level – The Department has 82 Animal developments Aid Centre headed by an Livestock Development Assistant.
- b) Block Level
  - i) One Block livestock Development Officer in each block
  - ii) One veterinary Surgeon at each Block Animal health Centre.
  - iii) One Veterinary Surgeon at each nine additional Block Animal health Centre.
- c) District HQ.
  - i) Deputy Director, ARD & PO will monitor the overall situation. His office would be the control room in emergency.
  - ii) Veterinary Store Officer will be in charge of district medicine stock and according to the necessity will supply medicines wherever required.
  - iii) Veterinary Pathologist will be in charge of district vaccine wherever required.
  - iv) Senior Veterinary Surgeons-3 if expert supervision is required, they would be called and sent or investigation, diagnosis & control of any complex disease during out break of epidemic.

### 2. Medicines

Sufficient medicines will be purchased and will be distributed to 82 Animal Development Aid Centre, 9 Block Animal Health Centre, and 9 Additional Block Animal Health Centre within June, 2008.

### 3. Vaccines

Vaccines for FMD, HS, BQ, Anthrax, Duck Cholera, Fowl Cholera, Fowl pox, goat pox, PPR, Swing Fever diseases will be stored both at District HQ as well as at Blocks, Moreover; the stock will be strengthened further in the month of June, 2008.

### 4. Animal Feeds

The arrangement of fodder for seven days period has been worked out as follows:

Situation	Requirement	Quantity
Devastating flood	Paddy straw	335 MT
	Concentrate mixture	150 MT
50% area is flooded	Paddy straw	75 MT
	Concentrate mixture	60 MT
Flood situation like 1995	Paddy straw	60 MT
	Concentrate mixture	25 MT
Flood situation like 1999	Paddy straw	18 MT
	Concentrate mixture	47 MT

Sources of availability for concentrate mixture are Gazole Feed Plant & Siliguri Feed Plant under West Bengal Dairy & Poultry Development Corporation. Paddy straw will be available from the Block seed Farm, Raiganj.

## AGRICULTURE

Principal Agriculture Officer will arrange to send Rainfall, Temperature and crop damage report daily within 11 am. Like previous year he will make arrangement for supply of paddy minikits and paddy seedlings for distribution to the farmers affected by flood. The arrangement to be made by him to combat flood situation is as follows

### STEPS TO BE TAKEN FOR EARLY FLOOD (JULY-AUGUST)

- Keeping extra paddy seeds for raising second seedbed.
- Raising of seed nurseries at higher situation in flood prone areas.
- Raising of additional seed bed and staggering of seed sowing.
- Raising of additional seed bed in Government farms for distribution among the affected farmers.
- Keeping 10% of the total produce of short duration paddy seeds as reserve stock in all Government farms of the District.
- Growing of varieties like IET – 5656 (Swarna). N.C. 492 (Sabita) in the flood prone areas since these varieties can withstand water submergence for longer period and can recover very quickly after flood. These varieties are also very helpful for late transplantation with aged seedlings of 55-60 days.
- Quick raising of seedling of tall Indica varieties.
- Left over Aman land to be covered with, Kalai, Mustard, Wheat and pulses etc.

### STEPS TO BE TAKEN FOR LATE FLOOD (SEPTEMBER-OCTOBER)

In case of late flood, for Kharif season there may not be available time for Aman paddy cultivation. It is not advisable too. Thus in such a situation massive Rabi programme will have to be taken to cover the entire flood affected areas with Rabi crops like Mustard, Wheat, Lentil, potato, Gram, Rabi Maize, Vegetable and Boro paddy.

### REQUIREMENT OF SEED/FERTILIZER/MINI-KITS FOR AGRICULTURE RESTORATION WORKS FOR EARLY & LATE FLOOD

SI No	Item	No. of Kits
01.	Boro paddy @10 Kg. /Kit	36,000
02.	Urea @10kg/kit	36,000
03.	Kalai @ 4kg/kit	13,500
04.	Paddy Seed(short duration ver) under Subsidy Programme	100 mt
05.	Fertiliser Kit (10:26:26) @10kg each	3,600
06.	Mustard @ 1 Kg. /Kit	36,000
07.	Wheat @ 15 Kg. /Kit	45,000
08.	Lentil @ 4 Kg. /Kit	9,000
09.	Gram @ 4 Kg. /Kit	6,500
10.	Moong @ 4 Kg. /Kit	4,500
11.	Maize @ 3 Kg. /Kit	45,000

### PADDY STRAWS TO BE AVAILABLE AT FARM LEVEL

SI No	Name of farm	Quantities available
01.	S.A.R.F., Islampur	5.0 MT
02.	S.A.R.F., Raiganj	5.0 MT
03.	A.S.F., Karandighi	5.0 MT
04.	B.S.F., Karandighi	5.0 MT
05.	B.S.F., Itahar	5.0 MT
06.	B.S.F., Hemtabad	5.0 MT
07.	B.S.F., Kaliyaganj	5.0 MT

## **REPAIR, MAINTENANCE AND STRENGTHENING OF ROAD, CULVERTS, BRIDGES ETC.**

Two important National Highway viz NH-31 and NH-34 pass through major portion of this district. Both of them are vital connecting road links for the state and rest of the nation to North Eastern States and the State of Sikkim. Any disruption of this road is likely to jeopardize the movement of civil transport as well as movement of Defence and Para-military forces which are stationed in and around North Bengal. Further it will connect the North Bengal with the other parts of the State. It is therefore of paramount importance that these two roads should be kept in motorable conditions throughout the year.

The executive Engineer, NH Division-VIII, The Executive Engineer, P.W.D. (Roads) and PWD Uttar Dinajpur Division would make all necessary arrangement for repair maintenance and strengthening of these roads during rainy season and in flood-like situation. They would also repair and reconstruct/ clean the choked culverts/ bridges before the onset of rainy season to avoid water logging along the highways.

### **IRRIGATION & WATER WAYS DEPARTMENT**

Executive Engineer, North Dinajpur, Irrigation Division, Raiganj, Uttar Dinajpur will submit a flood contingency plan after through inspection of the embankments/ sluice gate etc. to deal with flood situations likely to be caused by 10 rivers of the District during monsoon season. The plan will include repair and maintenance of embankments, drainage channel, sluice gates, culverts, causeways and infrastructures. He is to submit proposal for fund to be required for the restoration, repair & maintenance of embankments at Islampur, Chopra, Raiganj, Kaliyaganj, & Itahar Blocks.

### **WEST BENGAL STATE ELECTRICITY DISTRIBUTION CO. LTD. (WBSEDCL)**

As such WBSEDCL do not have a separate plan for Disaster due to natural calamities. In case of flood they will under take the restoration work of power supply on priority basis through their maintenance wing.

### **WEST BENGAL STATE ELECTRICITY TOWER CO. LTD. (WBSETCL)**

As such WBSETCL do not have a separate plan for disaster due to natural calamities. In case of flood they will undertake restoration work of their infrastructure on priority basis with their dedicated team.

### **TELECOMMUNICATION**

Telecom Department usually do not prepare any contingency plan for disaster / natural calamities like flood, cyclone, etc. But they have a separate network in emergent situation to deal with disruption in telecommunication system via a network in each telephone exchange in the form of Optical fibre Cable (OFC).

### **CO-ORDINATIONS WITH DIFFERENT DEPARTMENT AND VOLUNTARY AGENCIES**

The District, Sub-Division and Block level co-ordination meeting will be held in the 1<sup>st</sup> week of June. In case of damage and loss of properties, crops, livestock's and human lives, the damage report is to be submitted to the Department of Disaster Management, Government of West Bengal in the prescribed CA-II form. The assessment of properties damaged by flood and natural calamities will be made through Block Disaster Management Officer posted in the Blocks. In case of damage of crops, livestock's and pisciculture it will be assessed by the principal Agriculture Officer, Deputy Director, ARD and District Fishery Officer respectively.

## OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF A FLOOD

Do's	Don'ts
Do listen to Radio/T.V. for advance information and appropriate advice.	Don't wander around in the inundated area.
In anticipation of the floodwater entering the house. Do unplung all electrical gadgets and move them in safer place. Switch off the electric mains.	Don't enter in flood water on foot unnecessarily.
Do move all movable & valuable goods like dry food, land deed, medicines etc. to the high land where you will take shelter.	Don't spread rumours in order to create panic among the peoples. Scotch the remours to the best of your ability.
Do lock all doors and windows before leaving the house.	Don't allow children to stay out in the flood water.
Do move all insecticides and pesticides along with other toxic goods to safer place.	Don't touch loose wire.

## LIST OF FLOOD SHELTERS

## STANDARD OPERATING PROCEDURE FOR MULTI HAZARD SCENARIO

### (FLOOD)

Action to be done at the level	Contact No & Name of GP Member/ Proadhan/Official	What action to be Taken	Time Period	Remarks
Sansad level	G.P. Member/ Nirman sahayak/ Sahayak	Communicating Incident to GP/ Block	5 minutes	
		Alert people by Miking/ by Word of mouth/ Cycling	15 minutes	
		Arrange Preliminary Rescue	5 minutes	
		Shelter Provision	15 minutes	
G.P. level	G.P. Proadhan/ G.P.Staff (Exe Asstt. Secretary)	Communicating incident to Block	5 minutes	
		Miking/ Publicity	10 minutes	
		Mobility support if required	10 minutes	
		Providing country boat	30 minutes	
		Drinking water provision	20 minutes	
		Tarpauline	15 minutes	
	Contact Health, ARD, ICDS, Agriculture, HM/HT for their Assistance.	10 minutes		
	HM/HT	To ensure availability of school rooms for shelter purpose	10 minutes	
	ICDS Supervisor	To mobilize worker/helper to attend the affected children	10 minutes	
	KPS (Agril)	To assess damage of crops	2 days	
Health Supervisor	To provide First Aid	30 minutes		
LDA (ARD)	To provide preliminary aid & fodder	30 minutes		
Block level	BDO	Communicating Incident to SDO/ DM	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Provide dry food/ fodder	30 minutes	
		Provide relief materials to GPs	30 minutes	
		Start Gruel Kitchen if required	2 hrs.	
		Mobilization and co-ordinating with line departments like Health, ARD, PHE, Agri, F & S, Police, ICDS, SI of schools, Fishery	10 minutes	
		Arrange for Medical, Drinking water, Sanitation with the help of concerned line departments	1 hrs.	

	BMOH	To set up medical camp and provide medical treatment/medicine/ Ambulance	1 hour	
		To activate his team at the sub centre and PHC.	15 minutes	
Block level	ADA	To assess damages of crops	2 days	
		To send requisition for Minikit and compensation.	2 days	
	BLDO	To assess damages and loss of animal lives	2 days	(For loss of animal lives)
		Send requisition for compensation	2 days	
		Fodder & Medical aid to affected animal by LDA	1 hour	
	Inspector (F & S)	To provide supply of Kerosene & Food grains/Chira/Gur	1 hour	
	CDPO	To mobilize his supervisor for arranging to attend all affected children	30 minutes	
	S.I. of schools	To ensure opening of schools to be used as shelters	30 minutes	
	I.C/O.C. of Police	To deploy force where required for maintaining Law & Order/security of people	30 minutes	
	FEO	To assess damage of pisciculture and to send requisition for compensation/Minikits	2 days	
Sub-Division level	SDO	Communicating incident to DM	5 minutes	
		Provide logistic support for rescue operation with CD dept.	30 minutes	
		Mobilization and co-ordinating with line departments like Health, ARD, PHE, Agri, F & S, PWD, WBSEDCL, Telecom etc.	10 minutes	
		Provide relief materials to Blocks.	1 hr.	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	NH Authority/ SDO (Irrigation)/ Asstt. Engineer, PWD	To ensure restoration of their affected structures	6 hours	
	BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	Asstt. Engineer, PHE	To ensure supply of drinking water to those affected.	1 hour	
	O/C Fire & Emergency Service	To attend in rescue operation and arrival at the affected spots.	30 minutes	

	SC (F & S)	To mobilize the Inspectors, Dealers & Distributors.	10 minutes	
	Dy. CMOH	To mobilize the medical teams and set up medical camps at the affected areas.	30 minutes	
District level	D.M.	Communicating incident to Department	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Arrange for NDRF/ ARMY/ BSF, if required.	1 hour	
		Provide relief materials to GPs through Block.	1 hour	
		Mobilization and co-ordination with line departments like ARD, Health, Telecom, Electricity, Agril, F&S, Forest, PWD, WBSETCL etc for their respective departmental works.	10 minutes	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	NHAI	To ensure restoration of his affected structures.	6 hours	
	Exe.Engineer, Irrigation	To ensure restoration of his affected structures.	6 hours	
	Exe.Engineer, PWD	To ensure restoration of his affected structures.	6 hours	
	DE, BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	Exe. Engineer, PHE	To ensure supply of drinking water to those affected.	15 minutes	
	CMOH	To ensure mobilization of medical team and set up medical camp at the affected areas.	30 minutes	
	Dy.Director, Agriculture	To assess damage of crops and to send requisition of compensation/ minikits.	2 days	
	D.C. (F&S)	To mobilize SCF&S, Inspectors, M.R.Dealers & Distributors.	10 minutes	
	Dy. Director, ARD	To mobilize his BLDOs & LDA for quite active & report.	10 minutes	
	D.F.O., Raiganj Divn.	To mobilize his Rangers/forest staff	10 minutes	
WBSETCL	To ensure restoration of affected structure.	1 hour		

## CHAPTER –VI

### DISASTER MANAGEMENT PLAN ON DROUGHT

Rainfall is the ultimate source of water, affecting production of crops and other biomass by direct falling on the fields as well as supporting surface and ground water irrigation. However, possibilities of drought occurrence in India vary from once in 2 years in Western Rajasthan to once in 15 years in Assam. The frequency and intensity of extreme weather events like droughts, floods, heat/cold waves, cyclones, delayed or early onset, long dry spells, early withdrawal, and floods in drought frequented areas and droughts in flood afflicted areas have increased during the last two decades due to global warming

Drought generally denotes scarcity of water implying a deficiency of rainfall of such magnitude which affects the local economy, crops failure and as a consequent it affects the socio-economic condition of the inhabitants of the area directly. It reverse the development process, creates health hazards, encourages unsocial behavior and demoralises the affected people under it's prolong condition.

According to the criteria of Metrological department of India (IMD) and National Commission of Agriculture (NCA) drought is considered to be severe when rainfall deficiency is more than 50% in a particular spell of time. The Irrigation Commission of India (1972) had identified 67 districts of eight states where five states Viz Bihar, Jammu & Kashmir, Orissa, Uttar Pradesh and West Bengal did not find a place.

But real life experiences have shown exceptions to the above facts. Drought can occur anywhere even in the rainiest regions. In 2005 there was a drought in the monsoon season over the North-East states of India including areas in and around of Cherrapunji. Accordingly this district of Uttar Dinajpur has experienced droughts in the past though they were not of severe nature.

Drought condition exists where rainfall deficiency is less than 50% in a particular spell of time as a result it may occur in a part or in the whole district. This does not require rescue operation but relief operation is to be started to save the lives of affected people as well to discourage the unsocial behavior for its prolonged condition. The Agriculture, Minor Irrigation, Teesta Barrage Project, PHE, Health and Panchayat and Rural Development Department are to play vital role to reduce the impact of drought if occurred. So they are to be prepared for the situation.

The district has no history of such severe drought situation in the past 30 years though it has experienced Drought like situation that prevailed in the year (2006). Thus future occurrences of such conditions cannot be overruled.

In the year (2006) the District was seriously affected and exposed to Drought like situation and 9 (nine) numbers of Block under this District were badly affected.

#### **STEPS TO BE TAKEN:**

1. Control room at the level of block, sub-division & district are to be opened.
2. Arrangement of relief in terms of special G.R.(foodgrains) to be made.
3. Proper functioning of public distribution system (PDS) is to be assured and supply chain of food grains be maintained without disruption.
4. Impetuous on health check-up and medical treatment is to be given in the affected areas.
5. The agriculture/horticulture department should be prepared for the next crops and in this regard aid to farmers be arranged.
6. The minor irrigation department should be prepared for supplying irrigation facilities from their all sources.
7. The Animal Resource Development Department also should take care of the animal lives.
8. The Police Service should be always in vigil as the criminal activities rise during draught and sometimes Law & Order situation arises.
9. Employment generation works at the GP level should be started immediately and it should be continued up to the situation getting normal.

10. Drinking water is to be assured and the department of PHE should do the needful in this regard.

**Drought contingency plan of Agriculture Department** The occurrence of drought or drought like situation following a continuous dry spell is becoming a common phenomenon even during the monsoon creating threat to rain fed agriculture of kharif season. During the last two years, such occurrence of drought like situation was observed which was not even dreamt of in earlier days. So planning needs to be done in order to combat both the situations in order to minimize loss of both life and property.

As it has been stated earlier, drought has never been reported during the last ten years or so except for the last two years. A continuous dry spell of two to three weeks during the month of July – August has been observed during the last year which resulted in huge loss of agricultural crops namely rice and jute.

### Contingency plan

The contingency plan for Drought has three parts-

1. Prior precaution.
2. Reporting the extent of damage.
3. Reconstruction works.

#### I. Prior Precaution

All farms of the District will raise one acre of community nursery in the farm land with long duration paddy varieties which will be helpful. The seeding will be made available to the affected farmers on first cum first serve basis. All K.P.Ss posted at G.P level are the member of QRTs of GPs. They will submit the report of incidence within 24 hrs. To ADO who will submit the damage report (physical as well as financial) to BDOs concerned.

The government of India has already forecasted that there will be a 5 % shortfall of normal monsoon rain during this year and hence it can be presumed that there is chance of drought or similar situation as last year. A meeting with all concerned may be organized to assess the condition of all existing irrigation installations like deep tube well. RLI, river projects etc. so that they can be energized to save the crops.

#### II. Reporting

All concerned are instructed to report any incidence of natural calamity within 24 Hrs of occurrence giving full details of the area affected, name of the crops, name of the Mouzas, no. of families affected etc. to the agricultural development officer leaving a copy to the sub divisional and District level. The same report should be communicated immediately to the Block Development Officer and concerned Panchayat Samity for information.

### OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF A DROUGHT

Do's	Don'ts
Plant drought resistant crop.	Don't avoid adopting appropriate agro technique.
Implement counter desertification means i.e. re-planting.	Don't avoid re-excavation of existing tanks to increase water resource.
Improve water resource.	Don't avoid increasing infiltration.
Trap water in sandy riverbeds, recharge the aquifer water catchments with trap water and allow it to seep quickly down into the water carrying strata.	

## CHAPTER – VII

### DISASTER MANAGEMENT PLAN ON EARTHQUAKE

Most earthquakes are causally related to compressional or tensional stresses built up at the margins of the huge moving lithospheric plates that make up the earth's surface. The immediate cause of most shallow earthquakes is the sudden release of stress along a fault, or fracture in the earth's crust, resulting in movement of the opposing blocks of rock past one another. These movements cause vibrations to pass through and around the earth in wave form, just as ripples are generated when a pebble is dropped into water. Volcanic eruptions, rockfalls, landslides, and explosions can also cause a quake, but most of these are of only local extent. Shock waves from a powerful earthquake can trigger smaller earthquakes in a distant location hundreds of miles away if the geologic conditions are favorable.

India on account of its geographical location has been facing frequent Earth quake. Some of those are very severe and have taken a heavy toll of life and property. The earth quakes of Latur, Maharashtra (1993) and Bhuj, Gujrat (2001) have caused the death of 8000 and 14000 people respectively. Depending on the varying degrees of magnitude and intensity Indian Metrological Department (IMD) has sketched a standard map of seismic zone all over India and as per its updation in 2002 there are 4 zones i.e. zone II, III, IV and V. The fifth zone is the most hazardous in terms of severity among them. One more earthquake having its epicenter at north Sikkim measuring 6.8 in the recter scale has caused serious damage to humanlife and property all over Sikkim, which also affected the sub Himalayan West Bengal (Jalpaiguri & Siliguri). The death toll alone in Sikkim was estimated to be more than 112 and the state government suffered a loss of 1 lakh crore.

According to the seismic zone the sate of west Bengal is divided into 4 zones. A part of Cooch Behar and Jalpaiguri districts is in zone V and other districts of North Bengal including our district, Uttar Dinajpur alongwith a part of two 24 Parganes are in zone IV. The rest districts except the western margins of Purulia and Bankura fall in zone III.

This district has the experience of shocks of earthquake in the year,1998 (Bihar-Nepal earthquake of 6.6 magnitude and the Sikkim earthquake of 6.8 recter scale. In very recent, we have experience a moderate earthquake together with Nepal measuring 7.9 in the recter scale on **25.4.2015** having its epicenter at Gorkha district which is 81 Kms from Kathmandu, the capital of Nepal. The said earthquake rocks our district also causing damage of some school/ private buildings.

Although the district has not experience of a severe earthquake still it is a matter of concern that earth quake like Latur,Bhuj, Nepal may occur here at any moment as they are in the same contour of zone- IV. Therefore, preparedness of general people and also in the schools/colleges and the concerned department is most essentially required.

#### **DO'S & DON'TS IN THE EVENT OF EARTH QUAKE**

- Come out from house and stay at a safe distance from buildings, big trees, narrow lanes & electric line.
- If you are in a vehicle, stop it first and slay in an open area.
- Don't jump down through window if you are in a multistoried building.
- Don't back to house even if the first quake is stopped. It may occur again.
- Rescue operation should be done carefully and the victims with minor injury should, not be shifted away from the place of occurrence except severely affected victims.
- Necessary materials in connection with emergency treatment including drinking water & food should be kept available in the houses of earthquake prone area.
- Arrangement for relief, treatment and rehabilitation should be made later like otherdiseases. Special care should be given towards reconstruction of earth quake resistant structures / buildings.
- Any type of heavy material should not be kept on a high-range into the rooms. It may cause heavy injury.
- Render help to others and keep self confidence.

- Keep the gas-oven off.
- Materials which are heavy, including glass-materials should be kept in the lower self into the house.
- Don't switch-on the electric connection and don't use fire-boxes just after occurrence.
- Take measures for planning of emergency relief.

### **MEASURES TO BE TAKEN IMMEDIATE AFTER THE OCCURRENCE OF EARTHQUAKE**

- Rescue operation is to be started as quick as possible with the help of different agencies such as Army, SF, Police personnel, Civil Defence, N.G.Os, P.W.D., and Fire Brigade etc.
- Rescued people should be shifted to the nearest rescue shelters. Wounded people are to be shifted to the nearest PHC/ Hospitals.
- Necessary arrangements should be made for giving relief assistance to the affected people.
- Supply of drinking water is to be assured with the help of PHE Dte. .
- Removal & disposal of dead bodies and carcasses of animals should be made with the help of police NGOs, Municipality etc.
- Steps for restoration of traffic will have to be made with the help of PWD, Police etc. Clearance of fallen trees damaged structures etc. has to be made with the help of above deptts.
- WBSEB will take necessary steps to clear the fallen electric poles, wires, and, restoration of power supply as quickly as possible.
- Immediate after the earthquake district administration will form required number of teams to assess damage to the houses, loss of human lives, public utilities.
- PDW Deptt. will arrange suitable contractors with adequate manpower & machinery for restoration work.
- Police authorities will take case to prevent the anti-social activities after earthquake. A control room will be opened at Dist. Level to keep close contact with the different Deptt.

### **METHODS OF REDUCING EARTHQUAKE HAZARDS**

Considerable work has been done in seismology to explain the characteristics of the recorded ground motions in earthquake. Such knowledge is needed to predict ground motions in future earthquakes 'so that earthquake-resistant structures can be designed. Although earthquakes cause death and destruction through such secondary effects as landslides, tsunami, fires, and fault rupture, the greatest losses-both in lives and property-result from the collapse of man-made surface and subsurface structures during the violent shaking of the ground. Accordingly, the most effective way to mitigate the destructiveness of earthquakes from an engineering standpoint is to design and construct structures capable of withstanding strong ground motions.

Developing structural designs that are able to resist the forces generated by, seismic waves can be achieved either by following building codes based on risk maps or by the appropriate methods of analysis. Many countries reserve theoretical structural analyses for while the larger, more costly or critical buildings to be constructed in seismically active regions, while simply requiring that ordinary structures conform to local building codes. Economic realities usually determine the goal, not of preventing all damage in all earthquakes, but of minimizing damage in moderate, more common earthquakes and ensuring no major collapse at the strongest intensities. An essential part of what goes into engineering decisions on design and into the development and revision of earthquake resistant design codes is therefore seismological, involving measurement of strong seismic waves, field studies of intensity and damage, and the probability of earthquake occurrence.

## STANDARD OPERATING PROCEDURE FOR MULTI HAZARD SCENARIO

### (EARTHQUAKE)

Action to be done at the level	Contact No & Name of GP Member/ Prodhan/Official	What action to be Taken	Time Period	Remarks
Sansad level	G.P. Member	Communicating Incident to GP/ Block	5 minutes	
		Arrange Preliminary Rescue	15 minutes	
		Shelter Provision for vulnerable people after incident	30 minutes	
G.P. level	G.P. Prodhan/ G.P.Staff	Communicating incident to Block	5 minutes	
		Mobility support if required	10 minutes	
		Tarpauline	15 minutes	
		Contact Health, ARD, ICDS, HM/HT for their Assistance.	10 minutes	
	HM/HT	To ensure students follow mock drill learning for safe exit from the building, if during school hours.	10 minutes	
	ICDS Supervisor	To mobilize worker/helper to attend the affected children	10 minutes	
	Health Supervisor	To provide First Aid	30 minutes	
LDA (ARD)	To provide preliminary aid	30 minutes		
Block level	BDO	Communicating Incident to SDO/ DM	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Provide dry food/ fodder	30 minutes	
		Provide relief materials to GPs	30 minutes	
		Start Gruel Kitchen if required	2 hrs.	
		Mobilization and co-ordinating with line departments like Health, ARD, F & S, Police, ICDS, SI of schools	10 minutes	
		Arrange for Medical, Drinking water, Sanitation with the help of concerned line departments	1 hrs.	
	BMOH	To set up medical camp and provide medical treatment/medicine/ Ambulance	1 hour	
		To activate his team at the sub centre and	15 minutes	

		PHC.		
	BLDO	To assess damages and loss of animal lives	2 days	(For loss of animal lives)
		Send requisition for compensation	2 days	
		Fodder & Medical aid to affected animal by LDA	1 hour	
	Inspector (F & S)	To provide supply of Kerosene & Food grains/Chira/Gur	1 hour	
	CDPO	To mobilize his supervisor for arranging to attend all affected children	30 minutes	
	S.I. of schools	To ensure opening of schools to be used as shelters	30 minutes	
	I.C/O.C. of Police	To deploy force where required for maintaining Law & Order/security of people	30 minutes	
Sub-Division level	SDO	Communicating incident to DM	5 minutes	
		Provide logistic support for rescue operation with CD dept.	30 minutes	
		Mobilization and co-ordinating with line departments like Health, ARD, PHE, F & S, PWD, WBSEDCL, Telecom etc.	10 minutes	
		Provide relief materials to Blocks.	1 hr.	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	NH Authority/ Asst. Engg.PWD (Roads)	To ensure restoration of their affected structures, clear roads from debris etc.	6 hours	
	BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	O/C Fire & Emergency Service	To attend in rescue operation and arrival at the affected spots.	30 minutes	
	SC (F & S)	To mobilize the Inspectors, Dealers & Distributors.	10 minutes	
	Dy. CMOH	To mobilize the medical teams and set up medical camps at the affected areas.	30 minutes	

District level	D.M.	Communicating incident to Department	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Arrange for NDRF/ ARMY/ BSF, if required.	1 hour	
		Provide relief materials to GPs through Block.	1 hour	
		Mobilization and co-ordination with line departments like ARD, Health, Telecom, Electricity, F&S, PWD, WBSETCL etc for their respective departmental works.	10 minutes	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	NHAI	To ensure restoration of his affected structures and Clear the Roads.	6 hours	
	Exe.Engineer, PWD	To ensure restoration of his affected structures.	6 hours	
	DE, BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	CMOH	To ensure mobilization of medical team and set up medical camp at the affected areas.	30 minutes	
	Dy. Director, Agriculture	To assess damage of crops and to send requisition of compensation/ minikits.	2 days	
	D.C. (F&S)	To mobilize SCF&S, Inspectors, M.R. Dealers & Distributors.	10 minutes	
	Dy. Director, ARD	To mobilize his BLDOs & LDA for quick action & report.	10 minutes	
WBSETCL	To ensure restoration of affected structure.	1 hour		

## CHAPTER – VIII

### DISASTER MANAGEMENT PLAN ON CYCLONE

It is a Natural Disaster of atmosphere disturbances accompanied by powerful whirling winds and heavy shower of rainfall. It is caused due to immense atmospheric low pressure over the surface of warm water of tropical oceans. Every year generally 5/6 Cyclones are formed during May-June and September to October over the North Indian Oceans, mainly in the Bay of Bengal, out of which 2/3 are happens to be of serious nature.

Cyclones are classified into 7 categories according to its wind speed from 17 knots (31 kmph) to more than 119 knots (221 kmph) and the cyclones having 119 knots or more wind speed is called super cyclone which Orissa has experienced in 1999 (140 knots i.e. 260 kmph). The coastal region of West Bengal gets much affected in terms of loss of lives and damage to properties by cyclone. The district of Uttar Dinajpur is not in the coastal region, but it is within the radius of outer wind zone i.e. zone No. 3 (300-500km from the centre) relatively with less wind speed and less quantum of rainfall. So it affects the standing crops, Horticulture and Kuchha houses of poor people in rural and urban areas. Besides, the daily earners suffer a lot as they can not go to work for days. The experience of recent AILA (2009) may be cited here. Therefore, adequate Relief measures are required to be taken and accordingly such measures are undertaken.

Cyclones are intense low- pressure system that develops in the oceanic area surrounding the Indian subcontinent. These systems are classified as depressions, deep depressions, cyclonic storms and severe cyclones with cores Hurricane winds depending on the surface winds associated with them.

To mitigate and combat the situation Trigger mechanism for rescue & relief and other department activities will be followed as it is described in the case of flood operation. In addition to the above the following measures have to be taken-

#### **MEASURES TO BE TAKEN BEFORE THE CYCLONE SEASON**

- The control room will be made functional at the relief department of this collectorate round the clock.
- Messages in this regard are to be disseminated through R.T, telephone & Fax to the district level, Sub- Divisional level & Block level offices.
- The materials such as food stuffs, medicines, baby foods, tarpaulin sheets, dhuti, saree, children garments etc. are to be kept as reserve in sufficient quantity. Further requirement if any will be communicated immediately.
- Meeting of the district disaster management committee will be held regularly to assess the progress of relief work and further steps to be taken.
- CMOH and DVO will keep ready the required medicines and vaccines for taking preventive steps after cyclones and also arrest the spread of epidemics.
- O/C pool will arrange for vehicles in case of emergency duty as and when necessary.
- District officials of WBSEB will arrange for generators in case of necessity a list of such generator will be prepared by the WBSEB authorities and a copy of the list will be sent to the District Administration for keeping in the control room.

#### **MEASURES TO BE TAKEN WHEN CYCLONE WARNING IS RECEIVED BY THE DISTRICT ADMINISTRATION**

- Evacuation of the people to the shelters has to be made in the earmarked permanent and temporary shelters of different blocks of this district.
- Relief Materials such as food, water, medicines etc. have to be sent to the affected people.
- Hospital authorities will be alerted.
- SDOs & BDOs will be asked to keep adequate stocks of food grains stored in safe place.
- People should be alerted and informed about the weather forecasts.

#### **POST CYCLONE MEASURES BY DISTRICT ADMINISTRATION**

- Relief operation will be started immediately after the cyclone.

- Arrangements for the removal of dead bodies will be taken for identification.
- Injured people will be shifted to the nearest hospitals/P.H.Cs/SHCs after first Aid.
- Steps to be taken for the restoration of traffic at the PWD authorities. It is important so that the relief materials can reach to the shelters at the earliest possible time.
- Medical deptt. Will send the medical teams to the affected area for vaccines to the people and also take necessary measures to prevent epidemics.
- A review meeting will be held at district level and also next steps to be taken will be discussed in the meeting.
- PWD/Police authorities will arrange mobile squads for cleaning the fallen trees etc. with necessary equipments.
- WBSEB will take immediate actions to clear the roads of fallen electric polls and also make possible arrangements to restore electric power as quickly as possible.
- Teams will be formed to assess the damages made after cyclone. A report in detail will be prepared after the assessment. Report will contain damages of human lives, live stocks, crops etc.
- DICO & SDICO will take photographs for record of the damages and make video recording by engaging local photographers.
- Contractors will be directed to keep in ready position with necessary manpower and machineries.

DO's	DON'T's
Repair your home where ever necessary.	Do not spread rumours nor listen to them. Only official version of the warning may be listened & may be kept informed to the neighbors.
Keep at hand a hurricane lantern filled with kerosine, torch, match boxes, candles.	Do not venture out, if the weather suddenly clears during a storm. Storm wind return equally suddenly from the opposite direction, with even greater velocity, this happens when the eye of the storm passes over your area.
Make your radio set in order keep the radio set on, listen to the weather warnings and advice from the nearest radio station and also pass the information to your neighbors.	Avoid any loose wires, hanging from the poles to avoid electrocution.
Get extra food stored which does not require cooking and also sufficient drinking water for use at that emergency period.	Do not keep loose objects like cans, tins & other implements. They may become danger to your life during strong winds.
Make provisions for children & old people requiring special diets.	Do not stay in your house, when advised to vacate by authorities especially when your house is located in a low-lying area. You may run the risk of being marooned.
Bolt up glass windows & put shelters in place.	Drink only safe water.
When moving to a shelter, keep your valuable articles in a safe place.	
Stay at shelter as long as you are informed to do so.	
While in the shelter, please follow the instructions of in-charge of the shelter.	

## STANDARD OPERATING PROCEDURE FOR MULTI HAZARD SCENARIO

### (CYCLONE)

Action to be done at the level	Contact No & Name of GP Member/ Prodhan/Official	What action to be Taken	Time Period	Remarks
Sansad level	G.P. Member	Communicating Incident to GP/ Block	5 minutes	
		Alert people by Miking/ by Word of mouth/ Cycling prior to coming	15 minutes	
		Arrange Preliminary Rescue	5 minutes	
		Shelter Provision for vulnerable people prior to incident	30 minutes	
G.P. level	G.P. Prodhan/ G.P.Staff	Communicating incident to Block	5 minutes	
		Miking/ Publicity	10 minutes	
		Mobility support if required	10 minutes	
		Tarpauline	15 minutes	
		Contact Health, ARD, ICDS, Agriculture, HM/HT for their Assistance.	10 minutes	
	HM/HT	To ensure availability of school rooms for shelter purpose, if needed	10 minutes	
	ICDS Supervisor	To mobilize worker/helper to attend the affected children	10 minutes	
	KPS (Agril)	To assess damage of crops	2 days	
Health Supervisor	To provide First Aid	30 minutes		
LDA (ARD)	To provide preliminary aid & fodder	30 minutes		
Block level	BDO	Communicating Incident to SDO/ DM	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Provide dry food/ fodder	30 minutes	
		Provide relief materials to GPs	30 minutes	
		Start Gruel Kitchen if required	2 hrs.	
		Mobilization and co-ordinating with line departments like Health, ARD, Agri, F & S, Police, ICDS, SI of schools	10 minutes	
		Arrange for Medical, Drinking water, Sanitation with the help of concerned line	1 hrs.	

		departments		
	BMOH	To set up medical camp and provide medical treatment/medicine/ Ambulance	1 hour	
		To activate his team at the sub centre and PHC.	15 minutes	
Block level	ADA	To assess damages of crops	2 days	
		To send requisition for Minikit and compensation.	2 days	
Block Level	BLDO	To assess damages and loss of animal lives	2 days	(For loss of animal lives)
		Send requisition for compensation	2 days	
		Fodder & Medical aid to affected animal by LDA	1 hour	
	Inspector (F & S)	To provide supply of Kerosene & Food grains/Chira/Gur	1 hour	
	CDPO	To mobilize his supervisor for arranging to attend all affected children	30 minutes	
	S.I. of schools	To ensure opening of schools to be used as shelters	30 minutes	
	I.C/O.C. of Police	To deploy force where required for maintaining Law & Order/security of people	30 minutes	
Sub-Division level	SDO	Communicating incident to DM	5 minutes	
		Provide logistic support for rescue operation with CD dept.	30 minutes	
		Mobilization and co-ordinating with line departments like Health, ARD, PHE, Agri, F & S, PWD, WBSEDCL, Telecom etc.	10 minutes	
		Provide relief materials to Blocks.	1 hr.	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	NH Authority/ Asst. Engg.PWD (Roads)	To ensure restoration of their affected structures, clear roads if blocked by uprooted trees.	6 hours	
	BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	O/C Fire & Emergency Service	To attend in rescue operation and arrival at the affected spots.	30 minutes	

	SC (F & S)	To mobilize the Inspectors, Dealers & Distributors.	10 minutes	
	Dy. CMOH	To mobilize the medical teams and set up medical camps at the affected areas.	30 minutes	
District level	D.M.	Communicating incident to Department	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Arrange for NDRF/ ARMY/ BSF, if required.	1 hour	
		Provide relief materials to GPs through Block.	1 hour	
		Mobilization and co-ordination with line departments like ARD, Health, Telecom, Electricity, Agril, F&S, Forest, PWD, WBSETCL etc for their respective departmental works.	10 minutes	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	NHAI	To ensure restoration of his affected structures and Clear the Roads.	6 hours	
	Exe. Engineer, PWD	To ensure restoration of his affected structures.	6 hours	
	DE, BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	CMOH	To ensure mobilization of medical team and set up medical camp at the affected areas.	30 minutes	
	Dy. Director, Agriculture	To assess damage of crops and to send requisition of compensation/ minikits.	2 days	
	D.C. (F&S)	To mobilize SCF&S, Inspectors, M.R. Dealers & Distributors.	10 minutes	
	Dy. Director, ARD	To mobilize his BLDOs & LDA for quick action & report.	10 minutes	
	D.F.O., Raiganj Divn.	To mobilize his Rangers/forest staff for renewal of fallen trees.	2hrs.	
WBSETCL	To ensure restoration of affected structure.	1 hour		

## CHAPTER – IX

### DISASTER MANAGEMENT PLAN ON DIFFERENT DISASTERS

#### THUNDER AND LIGHTNING

Numbers of deaths are caused by this during the months from February to the end of monsoon. Now it is felt necessary to formulate some preventive steps and this may be considered two ways-

1. Through Awareness Campaigns,
2. By devising a low cost device which can effectively prevent lightning.

This may be tested by fixing metal ropes in rectangular shapes or diagonally to poles at a certain height in open fields and may be capable of deactivating effects of lightning by a reverse action not allowing formation by a reverse action not allowing formation and discharge of static electricity itself over and around a given space.

To combat the situation Trigger Mechanism for rescue & relief and other Department activities will be followed as it is described in the case of flood operation.

#### ROAD AND RAIL ACCIDENT

The double lines Railway track (80-85 Km) and single line (50-55 Km) passes through this district. This district has the experience of disastrous Gaisal Rail Accident (1999). In 2010 an accident had been occurred at Rahatpur, Karandighi (2010) where 22 nos. people had been died. Therefore preparedness for crisis management is required Besides, NH-34, 31 (four lane) passes through this district.

Training for rescue operation is to be arranged on specialized matters.

In Gaisal Rail Accident (1999) 285 persons have died and around 300 hundred people are badly injured. Moreover, There has been derailed one Oil Tanker Train at Eluabari near Aluabari Road station on 28.09.2011 and due to such incident 17 tankers were caught fire and as a result one person was died.

Relief Train, if necessary, may be deployed on the accident site from Katihar/ New Jalpaiguri division under NF Railway.

#### BLOCKWISE VULNERABLE AREAS BY THE ROAD & RAIL ACCIDENT

##### Road Accident

The NH - 31 passes through the areas from Dalkhola (Purnea more) to Sonapur covering the Block Karandighi, Goalpokhar-II, Goalpokhar-I, Islampur & Chopra. The areas adjacent to the following villages are vulnerable.

Karandighi Block

Name of G.P.	Vulnerable Villages	Road	Area covered
Dalkhola - I	Nichitpur, Alipur	NH-31	3 km.
Raniganj	Raniganj, Patnour, Rahatpur, Bhurri, Maheshpur	NH-34	3 km.
Domohana	Bikour, Domohana	NH-34	2 km.
Karandighi - I	Pichhla, Pandepur, Bhakulia, Kamlahar	NH-34	2 km.
Karandighi - II	Sadhanpur. Tunubhita, Khetrabari, Tharbari. Salampur.	NH-34	6 km.
Altapur - II	Bilashpur. Ibrahimpur. Nakole. Altapur, Bihinagar, Tujherpur. Tithpukur. Machhole. Dumradangi. Sonapur, Tungidighi	NH-34	10 km.

### Goalpokher - I Block

Name of Gram Panchayat	Name of Villages likely to be affected	Nearest medical centre
Pokhoria	Sernabari, Deona, Ikorchala, Larukhoa	Mata Guzari Medical Collage and Hospital, Kisanganj, Kisanganj SD Hoapital, Ialampur SD Hoapital
Panjipara	Milanpally, Teliapokher, Adhikari, Mangalbri, Sarkarpara, Bhotor. Gardhappa, Kadamtala, Banbari, Baliochor, Shantinagar, Panjipara, Bazar	Mata Guzari Medical Collage and Hospital, Kisanganj, Kisanganj SDHoapital, Ialampur SD Hoapital

### Islampur Block

Name of the G.P.	Name of the villages likely to be affected	Nearest Medical Centre
Gaisal - I	Bhangapool. Dhantala, Dhantala Bazar, Gaisal Basti	Islampur S. D. Hospital, (Ph- 03526-256912 /255033), Mata Guzri Medical College & Hospital, Kishanganj,
Gunjaria	Aliganj, Chhattish, Gunjuria Bazar	Islampur S. D. Hospital, (Ph- 03526-256912 /255033) Alam Nursing Home (Ph- 03526-256342/255218)
Islampur	Scholar City, State Firm Colony, Babupara, Collegemore, Borhat	Islampur S. D. Hospital (Ph- 03526-256912 /255033) Alam Nursing Home (Ph- 03526-256342/255218)
Matikunda - I	Srikrishnapur, Bibekanandapally	Islampur S. D. Hospital (Ph- 03526-256912 /255033) Alam Nursing Home (Ph - 03526- 256342 / 255218)
Ramganj - II	Fulhara, Adalgachh, Ramganjmore, Manikpur, Madaripur, Kaltahar	Ramganj B.P.H.C.(Ph- 03526-262072) Islampur S. D. Hospital (Ph- 03526-256912 /25E033), Alam Nursing Home (Ph-03526-256342 / 255218)

The NH - 34 also passes through the areas from Dalkhola (Purnea more) to Itahar (Bangar Check Post) covering the Block Karandighi, Raiganj & Itahar with a distance of around 87 kilometers. The population of adjacent villages are also vulnerable.

## RAIL ACCIDENT

### Karandighi Block

Broadguage Railway pass through different areas of Raiganj, Kaliaganj, Hemtabad, Karandighi, Goalpokher-I, Goalpokher-II, Islampur & Chopra blocks. Most vulnerable are the passengers who are on board the train if disaster occurs. The vulnerable areas are identified. Detailed information is given below.

Name of G.P.	Total length of Railway line	Vulnerable Villages	Nearest Hospital
Dalkhola-I	5 K.M.	Lahasara, Malkoe	Dalkhola PHC

### Goalpokher - I Block

Name of Gram Panchayat	Name of Villages likely to be affected	Nearest medical centre
Pokhoria	Sernabari, Deona, Ikorchala, Larukhoa	Mata Guzari Medical Collage and Hospital, Kisanganj, Kisanganj SD Hoapital, Ialampur SD Hoapital
Panjipara	Milanpally, Teliapokher, Adhikari, Mangalbri, Sarkarpara, Bhotor. Gardhappa, Kadamtala, Banbari, Baliochor, Shantina2ar. PaniiDara Bazar	Mata Guzari Medical Collage and Hospital, Kisanganj, Kisanganj SD Hoapital, Ialampur-SD Hoapital

### Islampur Block

The great tragic Rail Accident viz. Gaisal Rail Accident, 1999 occurred within this block area. The double broad gauge and meter gauge railway lines cross this block area, covering 3 (three) nos. of Gram Panchayats.

We identify the areas as well as the adjacent villages, Gram Panchayat wise which are annexed hereunder.

Name of the G.P.	Name of the villages likely to be affected	Nearest Medical Centre
Gaisal - I	Bhangapool, Dhantala, Gaisal, Miya basti Dhantala	Islampur S. D. Hospital (Ph- 035261-256912 /255033), Mata Guzri Medical College & Hospital, Kishanganj, Alam Nursing Home, Islampur, (Ph-03526-256342/ 255218).
Gunjaria	Aliganj, Gunjuria Bazar	Islampur S. D. Hospital (Ph- 03526-256912/255033) Alam Nursing Home (Ph- 03526-256342/255218)
Islampur	Borhat	Islampur S. D. Hospital (Ph- 03526-256912/255033) Alam Nursing Home (Ph- 03526-256342/255218)

### Emergency Contact Nos. Katihar Division.

DRM-	09771441000
ADRM-	09771441001
Sub-divn Safety Officer-	09771441730

### HAIL STORM/WHIRL WIND

Strom or Hail Strom is caused due to low pressure in a place and as a result severe whirling winds with rain and some times with hails are experienced in the month of March to May every year in this district. They are locally called Kal Baisakhi. The Storms or Hail Storms equally damage houses, horticulture and standing crops like other natural disaster and some times loss of life due to house collps and fall of trees are caused. This district has faced the consequence of storm, occured on 13.04.2010 at the cost of 43 human lives and about 150 cores of loss and damage towards house, crops & insfrastructure damage. Therefore, preparedness for the mitigation of risk is required as well as arrangement of relief measures are made from the department of Disaster Management.

### ACCIDENTAL FIRE

During the month of March to June when the climate is dry and hot, accidental fires are occurred in the in the traditional villages and thatched houses are burnt to ashes along with the belongings of the poor people. In the urban areas are such accidents are happened due to short circuit of electricity which causes huge damage to property and even human lives are lost. The schools are also vulnerable to fire accident where casualties may also occur. So fire fighting measures are to be taken in all the levels. Awareness program up to be G.P. level is to be arranged. Fire and emergency services of the district should be always ready for combating such situation. In the urban areas source of water be always identified. Accordingly the Municipalities have identified the following sources of water.

Name of the Municipality	Water Bodies
Raiganj Municipality	Fire service pump, Rajkachari pukur, Pir pukur, Pond at Debinagar, Pond near Satsangha Jr. High School, Padyapukur at Ashok Pally, Kulik River Sasan ghat, Pond of Bablu Roy at Kantanagar.
Kaliyaganj Municipality	Ranipukur, Kestopukur, Tank of Rabindra Mohan Sarkar, Burir pukur, Pir pukur.
Dalkhola Municipality	PHE Tank at Mithapur, Deshbandhu para, Mithapur khal, Buri Mahananda, Pond at Collage Road, Pond at D/ Mahananda pur.
Islampur Municipality	PHE Tank at New Town and Thana Colony, Hemen Chowdhury pukur, BDO Office pukur, Pond of Marketing, Pond at Mission para & Santi nagar.

### The contact no. of fire service stations are as follows:

1. Raiganj Fire Station	-	03523 – 252222
2. Kaliyaganj Fire Station	-	03523 – 261909
3. Dalkhola Fire Station	-	03525 – 257005
4. Islampur Fire Station	-	03526 – 255062
5. Gangarampur Fire Station	-	03521 – 256800
6. Balurghat Fire Station	-	03513 – 252101
7. English Bazar Fire Station (Malda)	-	03512 – 278854

## LPG HAZARD

There is a LPG filling Plant of Bharat Petroleum Corporation at Panisala, 9 km. away from Raiganj where LPG is received in bulk carried by oil Tankers and unloaded by differential pressure method in to 3 Nos., of storage bullets. Subsequently as per process it is filled into the cylinder with the help of filling machines. Though Bharat Petroleum is equipped for any possible disaster, but during the domestic as well commercial use LPG leakage may cause disastrous fire as it expands to about 250 times of its volume when vaporized. So precaution is to be taken that it does not leak and user should be always conscious. In this regards awareness of LPG users is to be arranged by Municipal authorities.

Further, precaution is also to be taken when a tanker gets accident. In this situation, person should not go close to the accident site. It is to be cordoned by the police and combat the situation with the help of Fire & Emergency Service personnel and trained personnel in LPG handling. Bharat Petroleum authority may help in need and their contact No. is 03523-204264 / 204257.

## CHEMICAL/ INDUSTRIAL HAZARD, ELECTRICITY DISASTER & FIRE

There is no history of occurrences of chemical hazard as yet, because there are no big industries of such concerned. But there are some small units which may cause such hazards. The unit of LPG bottling plant at Panisala and a major installation of IOC at Sonapur (Dhumdangi) and their pipe line from Guahati to Baruni which passes through this district are prone to disaster. Thus the areas around such location are vulnerable. Therefore preparedness for combating such disaster is required.

### BLOCKWISE VULNERABLE AREAS BY THE CHEMICAL/ INDUSTRIAL HAZARD

#### Goalpokher - I Block

One tea processing factory (Pokhoria GP), one Twine industry, one Biscuit factory (Panjipara GP), one Chira mill (Dharampur-I GP) situated in this Block. Though till date no such occurrence has occurred but we have to draw up plan to combat the situation if any disaster caused from this factories.

Name of the GP	Name of the Village may be affected	Name of the Medical Centre
Pokhoria	Masnavita, Pokhoria, Nandajhar	Mata Gujri Medical College & Hospital Kishanganj, S.D.Hospital Kishanganj, S.D. Hospital Islampur, Lodhan BPHC
Dharampur-I	Dharampur Hat.	
Panjipara	Ghardhappa, Teliapokhe	

#### Islampur Block

5 nos, of Tea Processing Factory 3 nos. of Cold Storage, one Fertilizer Factory situated within this Block are and except one Tea Processing Factory all are situated at Ramganj-II G, P. area. Though, till date no such occurrence had occurred, but we have to draw up plan to combat the situation if any disaster caused from this factory.

Name of the G.P.	Name of the villages likely to be affected	Nearest Medical Centre
Kamalgaon Sujali	Bagesree, Dhuligaon	Dalua B.P.H.C. Ramganj B.P.H.C. (Ph- 03526-262072) Islampur S. D. Hospital (Ph- 03526-256912 /25E033), Alam Nursing Home (Ph-03526-256342/255218)
Ramganj-II	Vimgachh, Fulhara, Adalgachh, Kaltahar colony, Shivnaar colony	
Gobindapur	Khokabasti, Bagulvita,	

## BLOCKWISE VULNERABLE AREAS BY THE ELECTRICITY DISASTER AND FIRE

### Goalpokher - I Block

4 nos. of Tower Lines (High Tension) crossed this Block area. Accordingly Disaster may occur if over head line broken. Moreover there are some Ganjas in some area shops are situated congestedly. So there is possibility of fire accident due to short circuit. All 14 GPs may affect by such calamities. GP wise villages are identified below:

Name of the GP	Name of the villages may affected	Nearest Electricity office with contact number	Nearest Fire Station with Contact number	Name of the Medical Centre	Name of The Veterinary Aid Centre / Hospital
Panjipara	Ibahimpur, Panjipara, Niamatpur, Boalmari, Bonbari, Mangalbari, Teliapokher, Ghardhappa	Panji para Electricity Office	Islampur Fire Station (03526) 255065	Mata Gujri Medical College & Hospital Kishangan S.D. Hospital Kishangan S.D. Hospital 1slampur, Lodhan BPHC	Veterinary aid centre at Panjipara and Majlispur
Dharampur-I	Dharampur Bazar				
Dharampur - II	Majlispur, Malduar, Digli				
Khagore	Biprit				
Jaingaon	Jhiljhili, Gachinagar				
Mohua	Haribhanga, Verosthan, Dhulavita, Lalpokher, Lulavita				
Goalpokher	Debigani				
Sahapur- I	Sahapur Bazar, Dubkal, Malkunda				
Sahapur- II	Mahisasur, Singhnath, Bon bari.				
Goti	Goti Hat				
Goagaon- I	Chippi, Kalogaon, Bongaon				
Goagaon- II	Begragachi, Solepara bazar				
Lodhan	Hariani, Kandigach				
Pokhoria	Ekarchala, Nandajhar, Laskargaon, Deona				

### Islampur Block

2 nos. of Tower Lines (HIGH TENSION) cross this Block area accordingly a disaster may occur if the overhead wire torn: Moreover, there are some "ganjas" in some areas where the shops are situated congestedly. There is also possibility of fire accident due to short-circuit.

All 13 G. P.S may be affected by this calamity and the G.P. wise villages are identified and annexed hereunder:

Name of the G.P.	Name of the villages likely to be affected	Nearest Electricity Office with contact no.	Nearest fire station with contact no.	Nearest Medical Centre	Nearest Veterinary aid centre/ Hospital
K/Sujali	Beljhari,	Islampur Electricity Office (03526)- 255072/ 255144 Ramganj Call Office, (G.P. Ph.-03526-262124)	Islampur Fire Station- (03526-255065)	Islampur S. D. Hospital (Ph- 03526-256912 / 25E033), Ramganj B.P.H.C. (Ph- 03526-262072) Alam Nursing Home (Ph-03526-256342/255218) S.H.C. at Dimti, (GP. Office Tel-03526-271256)	Veterinary Aid Centre at Ramganj (99323-03463)
Ramganj-I	Ranganj Bazar				
Ramganj-II	Vimgachh, Adalgachh				
Agdimti Khanti	Patagora, Dimti				
Gobindapur	Dohoso, Bhadrakali Hat				
Panditpota-II	Amaljhari				
Gunjaria	Gunjuria Bazar				
Islampur,	Ajitbas Colony, Pipalbasti				
Gaisal- I	Dhantala				
Gaisal - II	Rampur				
Matikunda-I	Matikunda Bazar				
Matikunda-II	Thukrabari				
Panditpota-II	Dimrulla, Panditpota				

## STANDARD OPERATING PROCEDURE FOR MULTI HAZARD SCENARIO

### (FIRE)

Action to be done at the level	Contact No & Name of GP Member/ Prodhan/Official	What action to be Taken	Time Period	Remarks
Sansad level	G.P. Member	Communicating Incident to Fire Service/GP/ Block	5 minutes	
		Arrange Preliminary Fire Fighting/ Rescue	10 minutes	
		Shelter Provision for affected people after incident	30 minutes	
G.P. level	G.P. Prodhan/ G.P. Staff	Communicating incident to Block	5 minutes	
		Mobility support if required	10 minutes	
		Tarpauline	15 minutes	
		Contact Health, ARD, ICDS, HM/HT for their Assistance.	10 minutes	
	HM/HT	To ensure availability of school rooms for shelter purpose, if needed	10 minutes	
	ICDS Supervisor	To mobilize worker/helper to attend the affected children	10 minutes	
	Health Supervisor	To provide First Aid	30 minutes	
	LDA (ARD)	To provide preliminary aid	30 minutes	
Block level	BDO	Communicating Incident to SDO/ DM	5 minutes	
		Provide dry food/ fodder	30 minutes	
		Provide relief materials to GPs	30 minutes	
		Start Gruel Kitchen if required	2 hrs.	
		Mobilization and co-ordinating with line departments like Health, ARD, F & S, Police, ICDS, SI of	10 minutes	

		schools		
		Arrange for Medical, Drinking water, Sanitation with the help of concerned line departments	1 hrs.	
	Fire Dept.	Rush to the spot, Control fire, rescue persons if caught in the fire.	30 minutes	
	BMOH	To set up medical camp and provide medical treatment/medicine/ Ambulance	1 hour	
		To activate his team at the sub centre and PHC.	15 minutes	
	BLDO	To assess damages and loss of animal lives	2 days	(For loss of animal lives)
		Send requisition for compensation	2 days	
		Fodder & Medical aid to affected animal by LDA	1 hour	
	Inspector (F & S)	To provide supply of Kerosene & Food grains, if needed	1 hour	
	CDPO	To mobilize his supervisor for arranging to attend all affected children	30 minutes	
	S.I. of schools	To ensure opening of schools to be used as shelters	30 minutes	
	I.C/O.C. of Police	To deploy force where required for maintaining Law & Order/security of people/ regulate traffic	30 minutes	
Sub-Division level	SDO	Communicating incident to DM	5 minutes	
		Mobilization and co-ordinating with line departments like Health, ARD, F & S, WBSEDCL, Telecom etc.	10 minutes	
		Provide relief materials to Blocks.	1 hr.	
	WBSEDCL	To ensure restoration of electric supply promptly, if affected.	1 hour	
	BSNL	To ensure connectivity during the	1 hour	

		period and restoration of the same.		
	O/C Fire & Emergency Service	To attend in rescue operation and arrival at the affected spots.	30 minutes	
	SC (F & S)	To mobilize the Inspectors, Dealers & Distributors.	10 minutes	
	Dy. CMOH	To mobilize the medical teams and set up medical camps at the affected areas.	30 minutes	
District level	D.M.	Communicating incident to Department	5 minutes	
		Provide logistic support for rescue operation	30 minutes	
		Arrange for NDRF/ ARMY/ BSF, if required.	1 hour	
		Provide relief materials to GPs through Block.	1 hour	
		Mobilization and co-ordination with line departments like ARD, Health, Telecom, Electricity, F&S, WBSETCL etc for their respective departmental works.	10 minutes	
	WBSEDCL	To ensure restoration of electric supply promptly.	1 hour	
	DE, BSNL	To ensure connectivity during the period and restoration of the same.	1 hour	
	CMOH	To ensure mobilization of medical team and set up medical camp at the affected areas.	30 minutes	
	D.C. (F&S)	To mobilize SCF&S, Inspectors, M.R. Dealers & Distributors.	10 minutes	
	Dy. Director, ARD	To mobilize his BLDOs & LDA for quick action & report.	10 minutes	

	WBSETCL	To ensure restoration of affected structure.	1 hour
